NRA GUN SAFETY RULES

At the NRA, firearm education and safety is paramount - that's why we offer a variety of programs and services to promote the safe handling, use and storage of firearms. Whether you're a parent in search of information about firearm safety in the home, a first-time gun owner, or an old pro looking to brush up on your firearm handling skills, the NRA is here to keep you and your family safe. Explore NRA's fundamental rules of gun safety, as well as information how to safely store a gun and good cleaning practices.

The fundamental NRA rules for safe gun handling are:

ALWAYS Keep The Gun Pointed In A Safe Direction

This is the primary rule of gun safety. Common sense dictates the safest direction, depending on different circumstances.

ALWAYS Keep Your Finger Off The Trigger Until Ready To Shoot

When holding a gun, rest your finger alongside the frame and outside the trigger guard. Until you are actually ready to fire, do not touch the trigger.

ALWAYS Keep The Gun Unloaded Until Ready To Use

If you do not know how to open the action or inspect the chamber(s), leave the gun alone and get help from someone who does.

When using or storing a gun, always follow these additional NRA rules:

- Know your target and what is beyond.
- Know how to use the gun safely.
- Be sure the gun is safe to operate.
- Use only the correct ammunition for your gun.
- Wear eye and ear protection as appropriate.
- Never use alcohol, over-the-counter drugs or prescription drugs before or while shooting.
- Store guns so they are not accessible to unauthorized persons.
- Additional Safety Precautions.
- Cleaning.

Oklahoma City Gun Club
PO Box 32043
Edmond, OK 73003

Greetings Members:

It is my pleasure to welcome you as a member to the Oklahoma City Gun Club. Membership in the Oklahoma City Gun Club provides you with the opportunity to participate in over 20 shooting disciplines. From Cowboy Action Shooting, Skeet/Trap to Archery, there is something for everyone. Whether you are a seasoned shooter or new to the sport, the various divisions are always willing and eager to introduce you to their type of shooting. Whether it is only one or all the shooting sports you are interested in, I encourage you to get active and get involved.

The Oklahoma City Gun Club has had the opportunity to host state, national, and international shooting competitions in many of our various divisions. We are a volunteer organization and depend primarily on our members to help host these events. It is the dedication and commitment of our members that makes each event a success. There are numerous opportunities to get involved and promote the shooting sports here at our club and I hope you take the time to get active and help preserve our shooting heritage.

Our mission at the Oklahoma City Gun Club is to provide a positive, educational and safe experience for anyone interested in firearms and the shooting sports along with building strong and safe communities throughout our surrounding areas.

Respectfully,

Suzi Rouse
President
president@okcgunclub.org

Oklahoma City Gun Club

WELCOME TO THE OKLAHOMA CITY GUN CLUB

Incorporated in 1958, the Oklahoma City Gun Club has long served the local community by providing supervised facilities for firearms shooting, giving instruction in the safe handling and proper care of firearms, teaching better marksmanship, and hosting numerous competitions that are open to the public. Over the past sixty years, the Oklahoma City Gun Club has grown to approximately 2,200 members and over 20 active shooting divisions, encompassing a broad range of the shooting disciplines. We work closely with many organizations and associations to support the shooting sports and to promote involvement, awareness, and safety.

The Oklahoma City Gun Club is located east of Edmond and about 3 miles north of Arcadia, OK. Although a private club, the Oklahoma City Gun Club regularly hosts events open to the public.

The Oklahoma City Gun Club is dedicated to providing the community with a safe, comprehensive environment to enjoy a broad range of shooting sports. Our goal is to increase the community's awareness of the proper care and handling of firearms, spread interest in an enthusiasm for each of the shooting disciplines, and to ensure the

continuation of our shooting rights and heritage through involvement with programs for the community, including juniors, women, military, law enforcement, family, and friends.

The Oklahoma City Gun Club is affiliated with many organizations and hosts a number of regional and national events, drawing shooters from around the country. A few examples include:

- The OKC Gun Club hosts annual Civilian Marksmanship Program (CMP) Oklahoma Games, a seven day event featuring rifle and pistol matches in multiple disciplines. They even conduct a Small Arms Firing School where novice shooters can fire CMP-supplied rifles and ammunition under the tutelage of CMP instructors.
- The Cowboy Action Division hosts Regional matches as well as Landrun, which is the 3rd largest SASS event in the country. The division holds regular monthly events and the Wild Bunch State Championship.
- State and regional Handgun Silhouette Championships have been hosted here for the last 36 years. The club has also hosted an International championship all in the same year with 5 different countries involved, Australia, Brazil, Paraguay, Canada as well as the USA
- Action Pistol consistently hosts some of the largest monthly USPSA matches in the nation as well as Sectional Championships. We shoot USPSA, Steel Challenge, ICORE, and 3-Gun events.
- For the last 20+ years, the Club has hosted the Women on Target Instructional Clinic, an NRA-sponsored program drawing women from the surrounding states - and a consistent sell-out.
- NRA Lever Action division holds a three-day Regional match each year in September, typically hosting 50 to 60 competitors, all shooting three disciplines of lever action rifle, as well as monthly matches the second Saturday, March to October.
- The High Power Division conducts State Championships, NRA Regionals, and informal practice sessions using a contemporary electronic target system, shooting out to 600 yards.

Although the Oklahoma City Gun Club is a private club, most events are open to the public. Competitions are open to the public and typically occur between April and October, especially on the weekends. In addition, the Oklahoma City Gun Club has many shooting divisions that hold matches year round.

IMPORTANT NOTES

- If you are on a range, hearing and eye protection is always mandatory for all participants and guests.
- Oklahoma City Gun Club badges are to be worn at all times.

MONTHLY NEWSLETTER

On the first of each month, the Gun Club publishes a monthly electronic newsletter called the "Primer," which contains information on upcoming events, match results, and general club information. This newsletter also contains the names and phone numbers for all of the Division Chairpersons and Board Members so that you may contact them for information or to schedule your workday. It is important to visit the website and read the "Primer" each month for the latest Gun Club news!

WANT TO HELP THE CLUB? Since our club requires an NRA membership for all members, you can join the NRA or renew your membership online using our link to ensure the Oklahoma City Gun Club will receive credit for the transaction. To join or renew, please click the NRA icon.

NEW FAMILY PAVILION

In 2019, the Gun Club completed our Family Pavilion, located just inside the main entrance. The Family Pavilion can accommodate up to 60 people and is free for member's use for events, family reunions, training, etc. This facility is equipped with ADA-compliant heated restroom, picnic tables, folding tables/chairs, wash sink ,and other support items.

Club member Michael Tupp manages and handles the scheduling of the facility, he can be reached at mjtupps@gmail.com or 918-605-5696.

2021 Adult Skeet Camp

October 23 & 24 was the weekend for the 2nd Shotgun Division's Adult Skeet Camp. 14 people participated in the event. (12 OKCGC members and 2 non-members) along with 6 National Skeet Shooting Association certified instructors. Many thanks to NSSA Level 2 instructor and Shotgun Division Co-Chairman, George Guerrero, for again coordinating this popular event. Within 24 hours of the email announcement, George had 30 people wanting to sign up for 15 available spots. This annual camp may need to become bi-annual! George was assisted by NSSA Level 2 instructors Brent and Paula Tate; and Level 1 instructors: Scott Parks, Jim Seignious, and Craig Wasson. Students learned about the following topics: the history of skeet, gun safety and the parts of the shotgun, the three different kinds of shotguns mainly used today and how to correctly load and unload these shotguns, the importance of eye dominance, how to correctly mount a shotgun, and the fundamentals of skeet shooting. On the range, students were taught: stance, hold points, look points, and the basic rules of how to play the game of skeet. A lot of repetitive practice was given on incoming targets, outgoing targets, and how to shoot doubles on stations 1, 2, 6, and 7. The students listened well, followed instructions, and broke LOTS of targets! Many thanks to Kathy Parks for getting the lunches together and keeping us all fed and hydrated, and to the Shotgun Division for supporting this worthwhile training. And a BIG thanks to the camp attendees who let us teach them the game of skeet. We all had a blast!

CLUB OFFICERS

PRESIDENT SUZI ROUSE 818-6125	1ST VP MARK VAUGHAN 833-7894	SECRETARY MARC MCCORMICK 749-6952	TREASURER MATT JOHNSON 637-6373

Oklahoma City Gun Club

Oklahoma City Gun Club (physical address)

12465 NE 234th Street
Arcadia, OK 73007

Oklahoma City Gun Club (mailing address)

PO Box 32043
Edmond, OK 73003

The Range is located north of the town of Arcadia, east of Edmond. From I-35, take Exit 141, which is the old route 66 eastbound. Arcadia is approximately 7 miles.

Just past the middle of the town is a left turn for Anderson Road. You may also continue further east beyond Arcadia for another mile to Hiwassee Road and turn left. Both roads work; the difference is more a matter of which entrance to the Club you are looking for. Action Pistol, Cowboy, Blackpowder, and Shotgun are closest via Hiwassee. The main club entrance and other ranges are closest to the Anderson Road entrance.

In either case, proceed northbound for approximately 3 miles until you arrive at Sorghum Mill Road (also marked as NE 234th Street). Then:

- From Anderson Road, turn right and look for the main entrance to the Gun Club about 1/2 mile east on your left.
- From Hiwassee, to reach the main club entrance, turn left onto Sorghum Mill/234th St and look for the main entrance about 1/2 mile on your right.
- For the entrance to Shotgun, Action Pistol, Cowboy Action and Black Powder ranges which are all accessed from Hiwassee, continue beyond the Sorghum Mill/234th Street turnoff and continue northbound. The shotgun area is about 3/10th of a mile on your left, and the Action Pistol, Cowboy, and Black Powder ranges are about 6/10th of a mile on the left.
- NOTE: There is now an additional entrance to the Action Pistol range about 100 yards further north, which is what we use for all IPSC, ICORE, Steel Challenge, and 3-Gun events.

Main Gate:	12465 N.E. 234th (Sorghum Mill) Rd	Lat/Long: 35.71054 / -97.31033
Shotgun:	23787 N. Hiwassee Rd	Lat/Long: 35.71424 / -97.30112
South Gate Action Pistol:	24301 N. Hiwassee Rd	Lat/Long: 35.71890 / -97.30067
North Gate Action Pistol:	24507 N. Hiwassee Rd	Lat/Long: 35.72108 / -97.30078

MAIN GATE: Please use this entrance for access to the West side of the club. The old gate will remain but will be used for emergency purposes only.

Nothing is to scale!!!!

Oklahoma City Gun Club

MEMBERSHIP DUES AND WORK DAYS

Membership dues the first year are \$313.50 (\$209 annual dues plus a \$104.50 initiation fee). Deadline for dues to be paid is December 31. New members will begin as Associate members. Dues will depend on whether you complete a Work Day during the year. A Work Day can be anything from helping with a match on one of the ranges to cutting brush and mowing. The Gun Club has several scheduled work days during the year and the various Divisions schedule workdays for just their range. You are responsible for making arrangements and completing your workday obligation. Gun Club members receive an \$80.00 credit each year by completing a Work Day.

With current individual membership, Gun Club members are allowed to invite immediate family to participate with them while on the shooting range. Participation requires no additional fee. Family members must be joined by a current Gun Club member and must shoot from the same firing point.

For all membership correspondence use okcgcmembership@gmail.com

INITIAL DUES FOR NEW MEMBERS

- First Years Dues \$209.00
- Initiation Fee \$104.50
- **TOTAL First Years Dues \$313.50**

ASSOCIATE MEMBER DUES

- Associate Members Dues \$209.00
- Voting Members Dues \$198.55
- Silver and Spouse \$26.13
- Credit for Work Day \$80.00 (one per year)

NET DUES AFTER WORK DAY CREDIT

- Associate Member \$129.00
- Voting member \$118.55

DEADLINE FOR DUES TO BE PAID

December 31 - Dues received after December 31 will be processed as soon as possible but may not be completed by February 1 the following year.

VOTING MEMBER

The Board of Directors implemented revised guidelines (August 2016) as they pertain to new requests to become a Voting Member. The requirements are set out below:

1. Must be a member in good standing for at least three (3) years.
2. Pay a non-refundable fee of \$100.00 upon acceptance.
3. Write a letter to the Board outlining past contributions to the club and future plans and goals.
4. Provide a written endorsement or sponsorship from a club official (board member or division chairman).
5. Appear before the Board if requested to do so.

Our goal is to encourage participation in the Oklahoma City Gun Club (OKCGC) by making a concentrated effort to grant voting rights to those who are truly invested in the gun club. We need Voting Members who are willing to give back to the club and invest their time and energies into making the OKCGC the best it can be. We are an all-volunteer organization and it takes dedicated individuals who are willing to step up and give back.

Written requests for becoming a Voting member can either be emailed to: president@okcgunclub.org or mailed to: OKCGC, PO Box 32043, Edmond, OK 73003. Requests for Voting Membership will be considered periodically throughout the year. In addition, current Voting Members will be expected to vote in our yearly elections. Any Voting members who do not vote in two consecutive elections will be reduced to Associate membership.

GATE COMBINATION

The gate will be changed each year on February 1. Dues must be received by December 31 in order to receive your new card and gate combination by February 1 each year.

WORK DAYS

Work Days are a great opportunity to volunteer and learn more about each Gun Club Division. If you did a workday and have not been credited for it, do one of two things:

1. Mail in a **COPY** of your signed workday card with your check.
2. Contact the person you did the workday for and ask them to confirm with Carey Pribil by **EMAIL** that you have a workday.
3. Work Day cards must be turned in to the Gun Club by December 1 of each year in order to receive your \$80.00 membership dues credit.

Do not call, email, or write the Oklahoma City Gun Club to contact someone to verify that you have completed your workday. It is the member's responsibility to show proof of the workday.

GENERAL RULES OF CONDUCT

Adopted February 1971, Revised November 2016

These rules supplement the standard NRA Safety Rules that cover safety with firearms. Additional rules pertaining to each specific range will supplement these and the standard NRA rules.

1. This range and the associated facilities are for the use of OKLAHOMA CITY GUN CLUB members and their guests only. **Members MUST wear their membership badges at all times while at the range.** If you lose your membership badge, request a replacement by contacting Carey Pribil.
2. Each person shooting on these ranges must familiarize themselves with NRA Safety Rules, these General Rules, and the specific rules posted at each range.

There are four (4) classes of membership: Associate, Voting, Silver, and Spouse. Badges include:

1. White Club Official
2. Red Associate, Silver, and Spouse
3. Blue Voting Member

3. GUEST POLICY

- a. Members may bring not more than two (2) guests to shoot at the range at any one time, except for members of his immediate family.
 - b. A guest may not shoot on the range more than five (5) times per calendar year. Guests under the age of 18 are exempt from this rule.
 - c. Guests must shoot from the same bench or firing point as their host.
 - d. Guests must obey the rules of the Club, and their safe and courteous conduct is the responsibility of the host member.
 - e. Guest must be accompanied by their host at all times.
4. Gates are to be kept closed and locked at all times except during scheduled shooting events. Lock combinations will not be divulged to non-members. All gates have the same combination. The Gun Club is member only but there are a lot of competition shoots open to non-members. If a lock is not there then a chairman of a competition has it with them.

Oklahoma City Gun Club

GENERAL RULES OF CONDUCT, continued

5. When two or more persons are firing on any common firing line, one must act as the Range Safety Officer. Each individual is responsible for the safe handling of his firearms.
6. Each range is to be used only for the purpose for which it is constructed.
 - a. All plinking shall be conducted at the Plinking Range. (NO .22 cal CENTER FIRE!)
 - b. All shots fired on any range must impact the earth backstop.
 - c. During formal matches, the affected ranges are reserved.
7. No guest under the age of eighteen (18) may shoot on any club range unless accompanied by an adult member who is present on the firing line.
8. Each member is responsible for acquainting himself with the location of all Club ranges and danger zones. He must familiarize their guests with these locations. Do not wander from established range, parking, and road area. No one is allowed off the beaten path. There is no hunting or hiking allowed.
9. All motor vehicles will be operated only on the Club roads and shall be parked only in designated parking areas.
10. All members shall police their firing points and target areas and deposit trash in the trash barrels. Please leave the range in better condition than you found it.
11. In the interest of safety, NO HUNTING is allowed on Club property.
12. Violation of any Club rules, irresponsible behavior, or destruction of any OKLAHOMA CITY GUN CLUB property could result in disciplinary action and possible expulsion from the OKLAHOMA CITY GUN CLUB.
13. There will be **NO FIRING OF FULLY AUTOMATIC FIREARMS** on the range by ANYONE at any time.
14. **No .50 cal Browning Machine Gun or equivalent is allowed.**
15. All firing is to be conducted from published sunup to sundown. No firing by any kind of artificial light.
16. **NO ALCOHOL** on the firing line or while you are shooting.
17. Tracer rounds or any type of incendiary ammunition is strictly prohibited.
18. Fireworks are PROHIBITED on gun club property.
19. Paint Ball guns are PROHIBITED on gun club property.

Oklahoma City Gun Club

DIVISION	GENERAL DESCRIPTION	PAGE
AIRGUN FIELD TARGET	A popular shooting sport, shot with sub 20ft-lb air rifles of calibers .177 and .22. Targets are metal and must be knocked down for a hit. Target distances range from 10-55 yards.	13
ACTION PISTOL	Practical shooting including USPSA, ICORE, GSSF, Steel Challenge, and 3-Gun matches. A blend of action, speed, and accuracy.	14
NRA ACTION PISTOL	NRA Action Pistol events consist of the same events that are held at the NRA National Action Pistol Championship called The Bianchi Cup. The events are the Moving Target, the Barricades, the Steel Plates, and the Practical.	18
AIR GUN SILHOUETTE	Includes pistols with classes for open and scope sights. Pistol matches are sanctioned by HPHMS. A fun shooting sport for all ages.	20
BENCHREST AIR RIFLE	Indoor Benchrest Air Rifle Fun Matches, shot inside the main clubhouse, throughout the year on each Monday morning.	
ARCHERY	3-D archery competitions throughout the spring and summer. Wide variety of realistic hunting shots on mixed hardwood and grassland range.	21
BENCHREST	Numerous competitions throughout the year from Fellowship Matches, .22 Tactical, Iron Sight, and Military Bolt Action Rifle.	23
MILITARY BOLT ACTION	Part of the BENCHREST DIVISION, the Military Bolt Action competition is aimed at military firearms - Enfield, Mauser, Springfield, Mosin Nagant, etc.	25
BULLSEYE PISTOL	Pistol competition, multiple calibers, slow fire, timed fire, and rapid fire. Very rewarding and useful for helping other disciplines.	26
COWBOY ACTION	Cowboy Action shooting and old west traditions. Western dress, circa 1860-1900; single action revolver, lever action rifle, and a side by side or lever or Model 97 pump shotgun. With an emphasis placed on speed and penalties for missed targets this truly is a sport that every skill level shooter can enjoy. A sport that is fun for the whole family.	28
WILD BUNCH	Wild Bunch Action Shooting competes with firearms typical of those used in the taming of the Old West just after the turn of the century. Wild Bunch uses 1911 semi-automatic pistols, pistol caliber lever action rifles, and a 1897 or a Model 12 pump shotgun.	29
HIGH POWER RIFLE	Across the Course and Prone matches. 200-600 yards. Dedicated to the promotion of high power rifle marksmanship.	30
MUZZLELOADER	Muzzleloading is very easy to get into and not too costly to try. It's great if all you want to do is brush up on your hunting or shooting skills.	32
PLINKING	Informal range for all types of handgun - rimfire to center fire.	34
SHOTGUN	Skeet, Trap, and 5-Stand shooting with a variety of competitions and shooting programs, appealing to all levels of ability	36
SILHOUETTE	Highpower and rimfire rifles, black powder cartridge rifle, and handguns; metal targets representing game animals at varying distances	
AR STEEL PLATE CHALLENGE	Part of SILHOUETTE: this match is for members and guests to shoot their AR-15. Any caliber on the AR platform is legal, no magnum rifle calibers.	40
NRA LEVER ACTION	Part of SILHOUETTE: NRA Lever Action consists of three disciplines: Center Fire, Pistol Cartridge, and Smallbore.	42
PISTOL	Part of SILHOUETTE: different types of matches with one to suit any member of the family. Matches vary according to pistol type and shooting position.	43
PRECISION 22 RIMFIRE	Part of SILHOUETTE: This is an all steel match from 50 meters to 300 meters. ANY 22 LR Rifle and ANY sight can be used. Courses of fire will change monthly.	44
BLACK POWDER CARTRIDGE RIFLE	Part of SILHOUETTE: Black Powder Cartridge Rifle is traditional black powder rifles circa 1870-1900 used in Silhouette competition.	45
TRAINING	Makes available many opportunities to educate both members and the public in both safety and responsibility in many different disciplines.	46
WOMEN	Introduction to various shooting disciplines in an informal format including Women on Target Fun Shoot, Cowboy Action , Shotgun, Bullseye, etc.	48
YOUTH	Program provides the opportunity for youth in our area to experience the fun and excitement of shooting sports; Trap and Skeet, and 4-H Shooting.	49

INTRODUCTION

A popular shooting sport, shot with sub 20ft-lb air rifles of calibers .177 and .22. Targets are metal and must be knocked down for a hit. Target distances range from 10-55 yards.

A match usually consists of 40 to 60 shots. Classifications are set to accommodate shooters of different skills and physical abilities. For further information and rules see www.AAFTA.org.

INTRODUCTION

IPSC or USPSA . . . Practical Shooting . . . What's the difference you ask? The International Practical Shooting Confederation (IPSC) was formed in 1976 with over 90 countries now participating. The United States Practical Shooting Association (USPSA) is the organization overseeing this country's program. There are slight differences in rules between IPSC and USPSA, mostly reflecting differences in "laws of the land", but for all practical purposes it's the same game. For consistency, we will use USPSA to describe the sport.

New to action shooting and USPSA? You are in for a great experience. Of all the action shooting sports, there is nothing quite like it. Within the USPSA Divisions, there is a place for everyone to shoot on a "level playing field" in terms of equipment, shooting ability, and experience. USPSA enjoys an enviable safety record. We enjoy the camaraderie as much as the shooting and always have fun! There are three rules: Be Safe, Be Courteous, Have Fun . . .

Most of us started out by asking some questions, and maybe coming to watch a match. There hasn't been much in the way of "easing into the sport". Generally, you start by jumping right in. Assuming that you have a serviceable firearm that you are familiar with you don't need much else other than a desire. When you show up for your first match, introduce yourself as a first time USPSA shooter and we'll make sure you get a range briefing covering the basic rules and then make sure you are on a squad with experienced shooters.

USPSA shooting differs from many other shooting sports in its blend of action, speed, and accuracy. Unlike sports such as Bullseye or Silhouette Shooting, the competitor shoots a course of fire called a "Stage," engaging a wide variety of targets against time. Each stage requires many shots, frequently taken while moving. It is not uncommon to shoot 30 rounds or more on a given Stage in 30 seconds or less. Our motto DVC says it all: Diligentia, Vis, Celeritas - Accuracy, Power, Speed.

ACTION PISTOL DIVISION, continued

Shooters compete with a variety of handguns, 9mm or larger. There are various divisions depending upon the configuration of the firearm used and minimum power factors required. Stages include a wide variety of targets that may include multiple targets in an array, targets that react when hit, targets that move, targets that are partially obscured, no-shoots, steel plates, etc. A course of fire may require the shooter to move, shoot through small ports or barrels, around barricades, etc., and perform rapid reloads. Many Stages involve shooting from seated, prone, or kneeling positions, two handed grip (freestyle), strong-hand only, or weak-hand only shooting. Most well designed Stages allow for individual shooter creativity. There are usually many ways to shoot a course of fire, allowing the competitors to best balance their performance.

While competitors of varied skill categories and classifications shoot together, scores are ultimately sorted out by firearm divisions, power factor, and shooter skill level. This allows shooters of all abilities to share experiences, shooting styles, and strategy. Within the Action Pistol Division, we hold several matches each month:

- **USPSA** Pistol match on the first Saturday;
- **GSSF** Practice Match on the second Saturday;
- **ICORE** match on the third Saturday of every other month;
- **Steel Challenge** matches on the third Saturday;
- **3-Gun** matches are resuming on the 2nd Saturday of every other month.

Matches are open to the public. You do not need to be an Oklahoma City Gun Club Member. USPSA, Steel Challenge and 3-Gun Match fees are \$15.00 for members and \$20.00 for non-members.

Always check the website for updated match information!

USPSA MATCHES

Monthly matches are open to the public. You do not need to be a USPSA member to shoot however, in order to become classified you must join and shoot at least 4 classifiers to obtain initial classification in a division. For more information and YouTube videos, visit www.uspsa.org.

USPSA ORIENTATION

From time to time, we hold an orientation for new shooters. It includes a detailed range briefing, discussion of equipment and scoring, followed by shooting a couple of stages in a non-competitive environment. The orientation is free, and the only things needed are a serviceable firearm, a simple holster, hearing and eye protection, a couple of magazines, and about 50 rounds of ammunition. Remember: The orientation is not required before you start shooting; it's just another way to learn about the sport.

STEEL CHALLENGE

Steel Challenge matches at the Oklahoma City Gun Club recognize Open, Limited, and .22 rimfire divisions. Whether you come out and watch a match or 'jump right in' like most of us have, Steel Challenge is an exciting shooting discipline that combines speed and accuracy in a fun format that can be enjoyed by almost anyone at any level of experience. With little movement, simpler equipment requirements and recognition of .22 rimfire, Steel Challenge is an excellent way to get involved in the action shooting sports – especially for introducing our youth.

Oklahoma City Gun Club

ICORE

ICORE, the International Confederation of Revolver Enthusiasts, is an “Action” shooting competition where the equipment and course design rules are specifically written for revolver shooters. Courses of fire include drawing from your holster, reloading, and movement. In this regard it is much like USPSA competition. The principle differences are that the equipment is limited to revolvers of 32 magnum calibers or larger and that all courses of fire must be designed to be six rounds neutral. We use the NRA D-1 target, as well as steel, and a time plus scoring method that is somewhat simpler than USPSA scoring and places a greater emphasis on accuracy.

To compete you will need a revolver in safe condition of the proper caliber, a secure holster that will cover the trigger, and at least 4 speed loaders. Some of the longer field courses will push this limit so it is sometimes handy to have some extras. You will need hearing and eye protection. Most matches can be done with about three boxes of ammo (150 rounds).

First time shooters pay no match fee and arriving early to help set up earns you a match fee discount. Spectators are always welcome, but the game is more fun to play than watch. Setup starts at 7:30 AM on match day. Sign in starts at 9:30 AM and shooting starts at 10:00 AM. The match is scored while the stages are broken down and put away and awards/recognition occurs immediately thereafter.

3-GUN

A fast growing segment of our sport is 3-Gun which is basically IPSC with handguns, rifle, and shotgun – sometimes all 3 on a given stage. 3-Gun matches involve a lot of equipment and ammunition. A wagon, range cart, or something of that sort is highly recommended. Make sure to check our website for current rules and information.

VOLUNTEER OPPORTUNITIES

Matches take a lot of work to set up and run. Help is always appreciated; if you can, arrive a little early and offer to help setup, or stay a little afterward and help break down. During the matches, after the range is declared safe by the RO, help pick up brass, tape targets, reset steel targets, etc. Just a little effort by everyone makes it go much smoother and everyone has a better time.

ACTION PISTOL DIVISION, continued

ACTION PISTOL RANGE RULES (NORTH 6 BAYS)

1. Read and obey range rules while using this range. You are responsible for knowing these rules! Contact club official at OKCGC_Action@OKCGunclub.org if clarification is needed or to report maintenance issues.
2. Safety is paramount in all activities conducted on this range.
 - **ALWAYS** keep firearm pointed in a safe direction
 - **ALWAYS** keep your finger off the trigger until you are ready to fire
 - **ALWAYS** keep your firearm unloaded until ready to use
3. When two or more people are utilizing a bay, one must act as Range Safety Officer.
4. NEVER handle Firearm while someone is downrange. Usage of empty chamber flags is highly encouraged.
5. All firearms shall be transported in a bag/case or with the muzzle straight up or straight down to and from the shooting bays. DO NOT POINT ANY FIREARMS AT ANYONE ON THE RANGE AT ANY TIME. The only place you may handle your firearm is while fully within the shooting bays or at one of the designated safe areas. ABSOLUTELY NO HANDLING OF FIREARMS IN THE PARKING LOT.
6. Do not load your firearm until you are fully within the confines of a shooting bay.
7. All shooting must be done from within the confines of a shooting bay.
8. All rounds must impact the earthen berms – no firing shall ever be directed toward the range floor.
9. Any person at any time is authorized to declare “Cease Fire” for an actual or anticipated safety issue. Upon “Cease Fire” all firing is to stop immediately.
10. All firearms must remain unloaded with actions open or holstered when not in use. Note: some competitive events may have additional more restrictive rules for transporting/carrying firearms. Contact a match official before removing any firearms from your vehicle (including open/concealed carry).
11. Explosives, explosive targets, armor piercing, incendiary or tracer rounds are prohibited on this range.
12. Handguns, rifles, and shotguns are permitted in these shooting bays. Please pick up hulls/brass.
13. Target stands are not to be removed from the shooting bays.
14. You may bring your own steel targets. Steel should be a minimum of 7 yards for handgun caliber firearms or shotguns. No bottleneck rifle cartridges (such as 223, 308, 30-06, 7.62x39, or any equivalent cartridge) or shotgun slugs on steel targets in these bays. Please note Cowboy bays to the south may have different rules for steel targets.
15. Eye and ear protection is **REQUIRED** when on or near this range.
16. This is your club and a volunteer-operated facility – please clean-up range after each use! Please take cardboard targets directly to the dumpster.

Location:	Cowboy Action Bays	see map on page 5

INTRODUCTION

Pistols, Revolvers, Pistol Caliber Carbines are all welcome to shoot with us in the club events. No magnums or 5.7

If you have gone through your conceal carry class or just want to learn how to shoot at some fun events or maybe lifesaving practice come and shoot with us. You can shoot for score in competition or just for fun and practice.

Why spend a lot of money and time on classes where you spend four hours in a class room and you might shoot 50-100 rounds of ammunition on a static target at 7 meters or less when you can train on more realistic targets.

At NRA Action Pistol we practice and have matches at several different type of events. We have a moving target for instance, we have turning targets and steel plates. We shoot at more realistic distances under time limits.

MOVER

Let's take one event. We call it the Mover.

You think of a time and place where you might have to hit a moving target. Do you know how much lead you would have to have at a given distance to hit that target? Do you know how to calculate that lead? We can help.

Mover

BARRICADES

Another event we shoot and practice is called The Barricades. Here you can learn how to shoot from behind cover at fast presentation targets and at different distances under varying times limits.

Barricades

NRA ACTION PISTOL DIVISION, continued

STEEL PLATE

At the Steel Plate event there are six eight-inch round steel plates spaced twelve inches apart. They are shot at from ten yards out to twenty-five yards at varying time limits.

Steel Plate

PRACTICAL EVENT

In the Practical event we shoot at cardboard targets shaped like a tombstone under time limits and out to fifty yards. At the long distances most competitors go prone and shoot most of the event.

Practical Event

ABOUT THE NRA ACTION PISTOL DIVISION

The NRA Action Pistol Division at the Oklahoma City Gun Club is open to all individuals interested in safe and fun courses of fire, which combine accuracy and speed. The courses in our events were designed after the events held at the Bianchi Cup in Columbia, Missouri, a NRA National Championship match.

Practice and matches are open to the public. You do not need to be a member of NRA or the Oklahoma City Gun Club to participate in our events.

Cost for the practice events is \$5.00 for all shooters and cost for matches is \$20.00 for non OKC Gun Club members and \$15.00 for members.

NRA Action Pistol events are held on the first Sunday of each month. In the summer months sign-in starts at 8:30 am. During the colder months we start an hour later.

Oklahoma City Gun Club

AIR GUN SILHOUETTE DIVISION

Contact:	Jim Fields 405-203-1268 jimfokc@msn.com	Indoor Rifle Fun Matches: Dave Johnson 405-789-1368 davidpat7@aol.com
Website:	www.OKCgunclub.org/airgun-div.html	always check the website for updates
Location:	Main Club House	see map on page 5

INTRODUCTION

Air Gun Silhouette is a fairly new division at the Gun Club. Matches are held inside the Main Club House on the second Tuesday of each month at 6:30 PM year round. This is a fun sport for the entire family as we shoot at steel animals with AIR pistols! Are you new to the sport? Before buying equipment, first visit a match so you can place gun in hand and try! Your first match is free!

If you do not have an AIR pistol, we have guns you can shoot in the match before you decide to buy. Classes are set up for both open sight and scopes. The pistol area is sanctioned by HPHMS which sanctions our .22 rimfire and center fire pistols on the silhouette range.

All in all it is a fun shooting sport for all ages. After watching, I'm sure you will get involved too! In this sport you don't shoot holes in paper, you shoot at steel animals and when hit they fall over:

- chickens 10 yds
- pigs 12-1/2 yds
- turkeys 15 yds
- rams 18 yds

The targets are in steel cabinets with sand traps in the bottom. The shooter immediately sees something happen. Entry fee for juniors is only \$1.00, \$5.00 for adults. Juniors shoot free with an adult entry.

AIR GUN RIFLE FUN MATCHES

Air Gun Rifle Fun Matches are held every Monday morning at 9:00 AM inside the Main Clubhouse. We shoot .177 caliber rifles at paper targets at a distance of 51 feet off of bench rests. We offer two classes . . . production for the inexpensive guns and unlimited. The entry fee is just \$5.00 and the three consecutive matches are usually over by 11:00 AM. Your gun will require a scope to shoot at the tiny targets and we can guarantee lots of fun, fellowship, and challenges with your shooting.

Come give it a try or just come out just to watch. You may contact Burton Ferrell, 405-842-9585, or Dave Johnson, 405-789-1368, for more information.

ARCHERY DIVISION

Contact:	Brad Pikula 612-799-3281 bpikula77@gmail.com	Rob York 405-370-7203 yorkrob@att.net
Website:	www.okcgunclub.org/archery_division.html	always check the website for updates
Location:	Archery Range	see map on page 5

INTRODUCTION

The Archery Area has been redesigned from input of OKC Gun Club members to encourage all types of shooters from Novice to Expert.

We encourage you and your entire family come and experience the available ranges. Whether you are a hunter, a competitive 3D shooter, a long-time target shooter, recreational shooter, or are new to the sport the Archery Division has a range for you.

RANGE 1: Novice or Beginner Area, with three lanes of shorter distance bag targets ranging from 10-15 yards. Also available is a movable bag target for kids just getting started. In addition, there are three 3D standing targets.

RANGE 2:General Purpose Area, including four shooting bays that vary from Long-Range shooting at 50-80yd targets, 12 Mid-Range (20-40 yd targets), 3 Mid-Range Broadhead/Crossbow targets (20-40yds), and a unique tower platform providing a tree stand style environment.

RANGE 3: 3D Practice Area, including twenty distinct types of 3D targets at shooting distances from 10-35 yds.

RANGE 4: 3D, 11 lane/15 targets walk - out area, with an assortment of targets standing at distances from 15-50 yds.

RANGE 5: 3D, 8 lane/15 targets walk – out area, with a unique combination of 1-3 targets on a single lane.

Oklahoma City Gun Club

ARCHERY DIVISION, continued

Equipment needed:

Shoot what you have (Traditional, Compound, Cross), as we welcome all types, styles, and levels of shooters. Bring your bow along with your field point arrows be used on all bag/3D targets. Also, we welcome your broadhead arrows to be used with our dedicated broadhead (Red Square) targets.

Archery Safety:

Safety is our primary concern as we have taken steps to provide a safe shooting environment but always look to our shooters to demonstrate care when shooting. We ask that you make sure of your target as to what you are shooting and to know what is behind the target. Pay extra attention to signage, bow hooks, bench rest for bows, provided quivers, orange cones/flags indicating shooters are down range, and if needed “call-outs” to ensure no one is still down range. Make sure that all children are behind the current shooters and are minding all rules and regulations. Benches, chairs, and tables are provided to be used for bow adjustments and sighting needs.

Events:

The Archery Division will be providing events for members and the public at certain times during the year. Events will be promoted via an email blast and the club calendar.

Note:

The Archery Division does not provide equipment, repair work, or instruction but can make recommendations on how these services can be provided.

BENCHREST DIVISION

Contact: Eric Howard

405-830-8988

ewhoward31@gmail.com

Website: www.OKCgunclub.org/benchrest-division.html

always check the website for updates

Location: Benchrest Range

see map on page 5

INTRODUCTION

The Benchrest Range is open to all for independent free style use for members and guests except for scheduled matches and times that are reserved for specific uses such as the military (Guard and Reserves) and the Oklahoma City Police Department (Sniper Team) training to accomplish their Homeland Security commitment. The Benchrest Range distances include 50 yds, 100 yds, 200 yds, and 300 yds.

All scheduled matches are “open matches”. Be sure to check the Gun Club Calendar, www.OKCgunclub.org, for dates and times. Be prepared to post your targets as soon as you arrive so you can go down range as soon as it opens. Bring a spotting scope to see your target so you do not slow down other shooters.

Rules for use of the range are posted at the range; be sure to review them. **NOTE: The Benchrest Range has posted a slug-only rule for shotguns! If you want to pattern your shotgun, there are facilities available at the Shotgun Range!**

There is a unisex restroom located at the southeast corner of the scoring building. There is no reason to not bring the entire family to the range.

Benchrest opportunities for Gun Club members include:

- **Fellowship Match** which meets every Friday morning at 8:00 AM, April through November, weather permitting (.22 rimfire rifle competition, informal). Match Director is Lindell Canary, 405-250-0385.
- **Tactical .22 LR Match** meets every Friday morning following the Fellowship Match, April through November. Match Director is Lindell Canary, 405-250-0385.
- **Iron Sight Match** meets every Friday morning following the Fellowship Match, April through November. Match Director is Lindell Canary, 405-205-0385.
- **Military Bolt Action Rifle** (reference page 24) meets the first Sunday of every month at 1:00 PM year round. Include period military center fire rifle competition, formal, sanctioned. Match Director is Ron Doggett, luvmyskye@aol.com.

VOLUNTEER OPPORTUNITIES

If there are any items or changes that would improve the Benchrest Range, contact Eric by phone or email. Volunteer opportunities include repairing target frames, building new rifle racks, cut down weeds, and standard maintenance. Watch for the Hunter Sight-in Day during October of each year.

Oklahoma City Gun Club

BENCHREST DIVISION, continued

BENCHREST RANGE RULES

1. Read and obey range rules while using this range. You are responsible for knowing these rules! Contact club official at Benchrest@OKCGunclub.com if clarification is needed or to report maintenance issues.
2. Safety is paramount in all activities conducted on this range.
 - **ALWAYS** Keep firearm pointed in a safe direction
 - **ALWAYS** keep your finger off the trigger until you are ready to fire
 - **ALWAYS** keep your firearm unloaded until ready to use
3. When two or more people are utilizing this range, one must act as Range Safety Officer.
4. NEVER handle Firearm while someone is downrange. Before anyone goes down range the Range Safety Officer must declare "Cease Fire – Range is Closed" and all firearms MUST be **unloaded (magazine removed and bolt/action open) and** removed from the shooting benches and placed into a gun rack. Range Safety Officer shall verify all persons have returned before declaring "Range is Open". **Usage of empty chamber flags is highly encouraged.**
5. All firearms shall be transported in a bag/case or with the muzzle straight up or straight down to and from the shooting bench or gun rack. DO NOT POINT ANY FIREARMS AT ANYONE ELSE ON THE RANGE AT ANY TIME. The only place you may handle your firearm is on the shooting bench while the firearm is pointed downrange.
6. Do not load your firearm until you are seated at the bench and the muzzle is pointed at the targets.
7. All shooting must be done from established firing line – No shooting forward of the benches except for approved and sanctioned events.
8. All rounds must impact the earthen berms – no firing shall ever be directed toward side berm, or the range floor.
9. Any person at any time is authorized to declare "Cease Fire" for an actual or anticipated safety issue. Upon "Cease Fire" all firing is to stop immediately.
10. All firearms must remain unloaded with actions open and reasonably visible when not in use.
11. Explosives, explosive targets, armor piercing, incendiary or tracer rounds are prohibited on this range.
12. Only shotguns firing slugs may be used on this range. If you need to pattern bird shot, please go to the shotgun range.
13. No makeshift targets are to be placed on the ground – no cans, bottles, etc.
14. Eye and ear protection is REQUIRED when on or near this range.
15. This is your club and a volunteer-operated facility – please clean-up range after each use!

BENCHREST DIVISION - MILITARY BOLT ACTION RIFLE

Contact: Ron Doggett

luvmyskye@aol.com

Website: www.military.okcgunclub.org/mb/main.html

always check the website for updates

Location: Benchrest Range

see map on page 5

INTRODUCTION

The purpose of this competition is to bring the older military bolt action rifles out of the closets and gun safes and back onto the ranges through competition and companionship of other shooters having similar interests. The spirit is to provide such competition at a minimal cost and to avoid having the competition become a dollar race as has occurred in many shooting sports.

Open to anyone wanting to shoot in one of the Military Bolt Action matches. First read the rules located on the Military Bolt Action Rifle website. If you have a gun that is within the rules then bring it out and have a good time with us. This is a very friendly competition that is done mainly for fun.

We meet every month and shoot year round except during inclement weather. Always check the website for the most current information. For first time shooters, sign up by contacting Ron Doggett prior to a match date.

The competition is limited to bolt action, centerfire, "as issued" or "stack" rifles such as would have been issued to the average recruit of a recognized military organization. Special versions of these rifles such as "sniper" rifles or .22 caliber training rifles are not acceptable as they are special purpose weapons and cannot be considered "as issued".

Even if you don't have a gun and are just interested come on out and see what it's about. This is a list of the most common used in the matches.

- M96 Swedish Mauser
- 1903 Springfield
- M39 Mosin Nagant
- K31 Swiss
- 91/30
- P17 Enfield
- 98K Mauser

These are the rarer ones but still very good shooters:

- T38 Arisaka
- Lee Enfield No4
- Lee Enfield No1 MkIII
- 1895 Chilean Mauser
- P14 Enfield

MORE INFORMATION

If you need any further information, contact Ron Doggett. Visit the website listed above for Military Bolt Action Bench Rest Competition rules.

Oklahoma City Gun Club

BULLSEYE PISTOL DIVISION

Contact: **Roger Kneeland**
405-512-2691

Website: www.bullseye.OKCgunclub.org/index.html **always check the website for updates**
Location: Pistol Range see map on page 5

INTRODUCTION

Welcome to the Pistol Range. Bullseye shooting, one of the oldest pistol disciplines, is very rewarding and is also very useful for helping other disciplines. You can get into a match with very little equipment and what you need to start is relatively cheap. Just a .22LR handgun and ammo is all you need to get started. A spotting scope is also very useful. New shooters to Bullseye will get to shoot their first match FREE!!! (excludes State and Regional matches)

The Range was built primarily for NRA Bullseye pistol competitions. If you are unfamiliar with this type of shooting you can come out and get a work day in by serving as a Line Safety Officer and at the same time see how the Match is run. Also through out the year we will have classes for new shooters to the Bullseye shooting discipline. Classes are FREE and open to both Gun Club members and the public. Bring a friend. Most Bullseye Matches are on the third Saturday but there are Training Days and Short Course Matches on different dates so be sure to check the calendar.

Before you start shooting be sure you READ and UNDERSTAND the rules posted on the west storage building. Any unsafe activities can get you banned from the Pistol Range and maybe even from the Gun Club. THINK before you do something unsafe.

There are a small number of target stands available for members to use at distances less than 50 yards. Please bring your own 1x2 sticks (approximately 5 feet tall) and a staple gun.

Be sure to confirm the range is available by checking the main online Oklahoma City Gun Club calendar located at www.OKCgunclub.org. The Pistol Range is used by a variety of disciplines:

- Bullseye Pistol
- Oklahoma Pistol Team
- International Free Pistol
- Women's Sport Pistol
- National Guard
- Youth Groups
- Law Enforcement Agencies
- Civic Groups

WINTER MONTHS 25 YARD BULLSEYE

During the winter months, the Bullseye Division shoots indoor 25 yard bullseye every Thursday at 6:00 PM at H&H Gun Range located at I-40 and Meridian (facing I-40), 400 South Vermont, Suite 110, Oklahoma City, OK 73108-1034. Always check the bullseye website "match dates" link for the most current match dates.

Pistol Range - RULES

- 1. Read and obey range rules while using this range. You are responsible for knowing these rules! Contact club official if clarification is needed.**
- 2. Safety is paramount in all activities conducted on this range.**
ALWAYS keep firearm pointed in a safe direction
ALWAYS keep your finger off the trigger until you are ready to fire
ALWAYS keep your firearm unloaded until ready to use
- 3. NEVER handle firearm while someone is downrange.**
- 4. Eye and ear protection is REQUIRED when on or near this range.**
- 5. All shooting must be from established firing line - No shooting forward of the bench except for approved and sanctioned events.**
- 6. All rounds must impact the rear earthen berm - no firing shall ever be directed towards the side berm or wall or the range floor. No targets shall be placed on or near the ground. Use a target stand.**
- 7. When two or more people are utilizing this range, one must act as Range Safety Officer.**
- 8. Any person at any time is authorized to declare "Cease Fire" for an actual or anticipated safety issue. Upon "Cease Fire," all firing is to stop immediately.**
- 9. Only handguns are permitted to be used on this range except for approved and sanctioned events. Handguns firing centerfire rifle cartridges (such as .223) are prohibited.**
- 10. All firearms must remain unloaded with actions open and reasonably visible when not in use.**
- 11. Explosives, explosive targets, armor piercing, incendiary or tracer rounds are prohibited on this range.**
- 12. The turning target mechanism (located in trench) is for sanctioned event/training use only.**
- 13. No makeshift targets are to be placed on the ground - no cans, bottles, etc.**
- 14. Members may bring their own targets / target frames and steel targets. (Steel must be 7 yards or more from firing line and high enough that misses impact the rear berm).**
- 15. Club target frames shall not be removed from the range. Members should bring their own sticks and targets.**
- 16. This is your club and a volunteer-operated facility!**
Please clean-up range after each use!

COWBOY ACTION SHOOTING DIVISION

Contact:	J.R. Hile (Flat Top Okie) 405-409-9442 jr@unitedmech.com	Wild Bunch Tommy Hager (Hondo Tweed) 405-694-5270 hondotweed@gmail.com
Website:	cowboy.OKCgunclub.org	always check the website for updates
Location:	Cowboy Action Range	see map on page 5

INTRODUCTION

The sport of Cowboy Action Shooting provides a great opportunity for the entire family to participate and compete in a shooting sport. The Cowboy Action Division is recognized by the Single Action Shooting Society (SASS) as The Territorial Marshals. Cowboy Action Matches are held on the 2nd Saturday and the 4th Sunday of every month, year-round. Wild Bunch Matches are held on the Sunday following the 2nd Saturday and the 4th Saturday each month. Monthly match attendance is regularly more than 100 shooters.

ANNUAL MATCHES

In addition to hosting four matches per month, The Territorial Marshals have hosted the SASS Southwest Regional Championship for the past several years. Beginning in 2022, we have been chosen to host The SASS National Championship. We expect 720-750 shooters for the Cowboy Action Championship and 120 to 150 for The Wild Bunch National Championship.

COWBOY ACTION SHOOTING

Cowboy Action Shooting is a multifaceted shooting sport in which contestants compete with firearms typical of those used in the taming of the Old West; single action revolvers (calibers .32 to .45), lever action rifles (calibers .25 to .45 long colt), and side-by-side double barrel or pre-1899 pump or lever action shotguns (12, 16 or 20 gauge). One exception, children under 13 are referred to as a Buckaroo and are allowed to use .22s and 410s.

The shooting competition is staged in a unique OLD WEST style. Cowboy attire is required, which is anything from boots and jeans to clothing that personifies a specific western character. For beginners (long sleeved shirts and jeans will do - no tank tops, shorts or ball caps allowed). You will soon discover that part of the fun is the costume and of course the alias. All real Cowboy shooters have an alias (Oklahoma Gunslinger or Flat Top Okie) which should be associated with your costume. You can be a movie star and never have to go to Hollywood. With a variety of shooting categories, some based on shooting styles, some based on costuming, and some age or gender based, there will definitely be a shooting category for you. Cowboy Action Shooting is fast action , fantasy shooting competition.

COWBOY ACTION SHOOTING DIVISION, continued

MATCH TIMES

- Summer hours are 9:00 AM from May through September
- Winter hours are 10:00 AM from October through April
- Sign in begins one hour before a scheduled shoot. We recommend arriving no less than 30 minutes prior to shoot to sign up and get ready
- First timers look for Flat Top Okie

THE WILD BUNCH RIDES AGAIN

Wild Bunch Matches are held the Sunday following the second Saturday Cowboy Match and the fourth Saturday (fourth Saturday Match is a 1911 match). It is similar to Cowboy Action, except with a 1911 Pistol in .45 ACP, Lever Action Rifle chambered for pistol caliber of .40 and above, model 1897 12ga. or model 12 Pump Shotguns are used. Stage scenarios incorporate down range as well as lateral movement, more pistol and shotgun rounds fired per stage and a variety of reactive targets such as plate racks, dueling trees, moving targets and rifle/pistol knockdown targets.

MORE INFORMATION

Cowboy Action shooting has more female participants than any shooting sport with 25% to 30% the norm. We also have great youth participation; it is truly a family worthy sport. Light loads with very little recoil contribute to the enjoyment for youngsters. To learn more about Cowboy Action Shooting, visit SASS, Single Action Shooting Society, at www.SASSnet.com who is the governing body of this sport. Join the thousands of Old West aficionados who have discovered the fast-growing sport of Cowboy Action Shooting!

Are you thinking about trying it? Don't buy anything, contact Flat Top Okie and he'll get you set up with ammo and firearms so you can join us for the next monthly match; bring the family, you'll have a great time!

Oklahoma City Gun Club

HIGH POWER RIFLE DIVISION

Contact: See page 10 for Division Contacts

Website: www.okcgunclub.org/high-power-rifle-division.html

Be sure to check the website and club events calendars for updates and changes

Location: High Power Rifle Range see map on page 5

INTRODUCTION

The OKC Gun Club is home of the nicest Known Distance range in this part of the country. The division is dedicated to the promotion of rifle marksmanship with a focus on competitive shooting ranging from 100 - 600 yards.

Competition within this division falls within three general categories:

- **Across the Course (XTC):** Based upon what is known as The National Match Course, shooters start out at the 200 yard line with the “slow fire” standing event, then shoot rapid fire sitting. After moving to the 300 yard line for a prone rapid fire event competitors move to the 600 yard line for the final event fired “slow fire”.
- **Prone Matches** have two main flavors in the High Power Division: F-class and Sling. “F-class” is fired off of a rest or bipod or backpack at distances from 300-600yds; **Sling** is fired at the same distances but with only the support of a shooting jacket and rifle sling.
- **M1 Garand, Springfield, Vintage Rifle and Modern Military Rifle Matches (GSM)** are fired from the same positions as the XTC matches but all from the 200 yard line, a great way to get started!

All these events are either sanctioned by the National Rifle Association or the Civilian Marksmanship Program. Local matches held throughout the year and Regional matches prepare us for our sport's culmination: The National Trophy Matches, held annually at Camp Perry, OH and Camp Atterbury, IN.

HIGH POWER RIFLE DIVISION, continued

ShotMarker Electronic Target System

The High Power Division uses ShotMarker electronic target systems for all matches and practice sessions. Now even while up to 600 yards away from the target, a shooter can instantly see hits on any handheld Apple or Android device. Its an exciting way to practice and shoot matches – the way of the future!

The Rules

- Members must go through a short High Power Range Specific orientation before using the range. This is an orientation wherein members will receive a lock combination to the target shed and gain an understanding of the special safety concerns associated with this range. Range orientations are held following rife matches and work days. A copy of the High Power Range Orientation talking points is on our web page. Please become acquainted with these before the orientation.
- Level Loading is MANDATORY – this will be explained during the range orientation.
- All projectiles fired must impact the IMPACT BERM – while we have multiple firing lines, we only have one impact berm.
- Only paper targets may be used on the range which must be affixed center to a target board within a target carrier – we'll show you how to do all that during the range orientation. While we are on this one, NO EXPLODING TARGETS.
- No calibers in excess of .35
- .223 rem or 5.56 NATO projectiles shot beyond the 300yd line must be greater than 62 grains.
- No 7.62x39 (AK type ammo) shooting beyond 200 yards. It will just frustrate you, and it is potentially dangerous to anyone in the target pit.
- No incendiaries, armor piercing, or exploding rounds.
- If you staple targets, pull your staples at the end of practice.
- Take your trash with you rather than leaving it for someone else to deal with.

Range Use

The High Power range is intended primarily for practice and pursuit of the high power rifle marksmanship disciplines. Casual rifle shooting is permitted but rules must be observed. See Range Priority of Use

Range Priority of Use

1. Match use
2. Work details such as mowing, weed eating, etc.
3. Organized practice sessions
4. Individual practice of High Power Rifle discipline
5. All other shooting

We look forward to seeing you.

Oklahoma City Gun Club

MUZZLELOADER DIVISION

Contact:	Ron Doggett LuvmySkye@aol.com	Jim Chamberlain 405-326-2067 mulemauler@gmail.com

Location:	Blackpowder Range	see map on page 5

INTRODUCTION

The Oklahoma City Gun Club welcomes all new shooters to come out and give this exciting and challenging discipline a try. This discipline is very easy to get into and not too costly. Someone is always happy to help you out if you run into trouble or if you do not understand something. Matches are on the third Sunday of the month all year long.

Even if all you want to do is brush up on your hunting or shooting skills, Muzzleloaders will definitely help.

Match cost is \$5.00 for Rifles and Pistol Match is FREE with Rifle Match. Pistols start at 9:00 AM and Rifles right after or around 10:00 AM and Hawk Throw.

Basically any Muzzleloading Rifle or Pistol qualifies.

Shooting is offhand unless otherwise noted.

We have different Matches each month with varying targets from steel to paper to a "Rendezvous" and even a Benchrest Match.

We have an annual "Chili" Shoot (a chili lunch provided) in March, a "Turkey" Shoot (give a turkey to winner) in November, a "Ham" Shoot (give a ham to winner) in December.

We shoot all year round as long as the roads are not bad.

RECEIVE EMAIL NOTIFICATIONS

An email list is available for those that want reminded of the upcoming matches and any changes to the schedule. Send your email address to LuvmySkye@aol.com.

Muzzle Loading Range - RULES

- 1.** Read and obey range rules while using this range. You are responsible for knowing these rules! Contact club official at muzzleloader@okcgunclub.org if clarification is needed or to report maintenance issues.
- 2.** Safety is paramount in all activities conducted on this range.
ALWAYS keep firearm pointed in a safe direction
ALWAYS keep your finger off the trigger until you are ready to fire
ALWAYS keep your firearm unloaded until ready to use
- 3.** When anyone is down range all firearms shall be removed from the shooting bench and placed into a gun rack. No handling of any firearms while people are downrange.
- 4.** Eye and ear protection is REQUIRED when on or near this range.
- 5.** All shooting must be from established firing line - No shooting forward of the bench except for approved and sanctioned events.
- 6.** All rounds must impact the rear earthen berm - no firing shall ever be directed towards the side berm or wall or the range floor. No targets shall be placed on or near the ground. Use a target stand.
- 7.** When two or more people are utilizing this range, one must act as Range Safety Officer.
- 8.** Any person at any time is authorized to declare "Cease Fire" for an actual or anticipated safety issue. Upon "Cease Fire," all firing is to stop immediately.
- 9.** All firearms must remain unloaded with actions open and reasonably visible when not in use.
- 10.** Explosives, explosive targets, armor piercing, incendiary or tracer rounds are prohibited on this range.
- 11.** No makeshift targets are to be placed on the ground - no cans, bottles, etc.
- 12.** Members may bring their own targets / target frames and steel targets. (Steel must be 7 yards or more from firing line and high enough that misses impact the rear berm).
- 13.** Club target frames shall not be removed from the range. Members should bring their own sticks and targets.
- 14.** This is your club and a volunteer-operated facility!
Please clean-up range after each use!

Oklahoma City Gun Club

PLINKING DIVISION

Contact: **Marc McCormick**
405-749-6952
marclm@yahoo.com

Website: www.OKCgunclub.org/plinking-range.html **always check the website for updates**

Location: Plinking Range **see map on page 5**

INTRODUCTION

The Plinking Division is an informal range for all types of handgun - rimfire to center-fire.

Attention Plinking Range users: There is a safety issue with regard to use of the Plinking Range that has come to our attention. As constructed and as intended to be used, the Plinking Range is safe and all bullets are properly contained within the berm. Apparently there have been some cases where shots have been fired that impact the ground well in front of the plate racks - possibly shooting at targets that have been placed on the ground.

It is very important that absolutely no targets be placed directly on the ground. When the bullets impact the ground at such an angle they could ricochet and leave the bay. For safety reasons, all shots must impact the berm.

Please observe the posted rules for use of the Plinking Range and only engage the plate racks when using this range. Range Rules may be found on the following page.

Please notify Marc McCormick with questions or broken targets. Enjoy yourself and be safe!

Plinking Range - RULES

- 1. Read and obey range rules while using this range. You are responsible for knowing these rules! Contact us at plinking@okcgunclub.org.**
- 2. Safety is paramount in all activities conducted on this range.**
ALWAYS keep firearm pointed in a safe direction
ALWAYS keep your finger off the trigger until you are ready to fire
ALWAYS keep your firearm unloaded until ready to use
- 3. NEVER handle firearm if someone is downrange.**
- 4. Eye and ear protection is REQUIRED when on or near this range.**
- 5. All shooting must be from established firing line.**
- 6. All rounds must impact the rear earthen berm - No targets shall be placed on or near the ground.**
- 7. Only targets provided are to be used, no homemade or improvised targets.**
- 8. When two or more people are utilizing this range, one must act as Range Safety Officer.**
- 9. Any person at any time is authorized to declare "Cease Fire" for an actual or anticipated safety issue. Upon "Cease Fire," all firing is to stop immediately.**
- 10. Only pistol caliber firearms are permitted to be used on this range. Firearms chambered in centerfire rifle cartridges (such as .223) are prohibited. Examples of pistol caliber cartridges are 9mm, 40 S&W, 45 ACP, 38 special, 44 magnum, 45 Colt. If you have questions about what cartridges are permitted or to report damaged targets, please contact us via email at plinking@okcgunclub.org.**
- 11. All firearms must remain unloaded with actions open and reasonably visible when not in use.**
- 12. Explosives, explosive targets, armor piercing, incendiary or tracer rounds are prohibited on this range.**
- 13. This is your club and a volunteer-operated facility!**
Please clean-up range after each use!

INTRODUCTION

Welcome to the Shotgun Division. Three shotgun disciplines are offered at the Oklahoma City Gun Club: skeet, trap and 5-stand. Our number one priority is SAFETY, and the second is to have fun. Be sure to check the Oklahoma City Gun Club main website calendar for current events.

Opportunities include:

- Skeet, Trap, and 5-Stand
- Skeet Leagues
- Trap Leagues
- Registered Skeet and Trap
- Beginner Skeet Lessons

RANGE LOCATION, HOURS, AND GENERAL INFORMATION

The Shotgun Division ranges are located on the east side of the club property. Our gate is located one-quarter of a mile north of Sorghum Mill Road, on Hiwassee Road, on the left. Access thru the gate requires the combination from your badge followed by the #. We have 5 skeet fields, two of which overlay trap fields. Other facilities we offer include: a hand trap where you can bring your own targets; a pattern board to test your loads; a clubhouse with two restrooms and a kitchen; another building by fields #3 and #4 with two restrooms; a large pavilion with picnic tables and benches; and 22 camper spaces with electricity and water hook-ups.

GUNS AND EQUIPMENT

Any shotgun (pump action, semi-automatic, side-by-side, or over/under) capable of holding 2 shells (Never load more than 2 at any time on the range and only load when you are on station) can be used to shoot skeet or trap. Registered skeet targets are shot with the 12, 20, 28 gauge and .410 bore shotguns. Registered trap targets are normally shot with a 12-gauge shotgun. Eye and ear protection are a MUST while on the range either shooting, scoring or watching; and a vest or bag for carrying shells and empty hulls is needed. ONLY 7 1/2 - 9 lead (no steel) shot is permitted on any skeet or trap field. Nothing larger! When carrying your shotgun from your vehicle to the fields, the action MUST BE OPEN to show it's a safe gun.

SKEET INFORMATION

Skeet is a shotgun sport in which a shooter fires at clay targets while progressing through 8 stations around a semi-circular field. The targets are thrown from a high house on the left, and a low house on the right, so they cross a point in the center of the field at a height of 15 feet.

SHOTGUN DIVISION, continued

TRAP INFORMATION

Trap is a shotgun sport in which the shooter fires at clay targets thrown from a single trap house, while the shooter stands on one of 5 stations graduated from 16 to 27 yards behind the trap house. It is normally shot with a 12 gauge gun. The guns most commonly used for trap are the semi-auto and over/under.

TRAP AND SKEET LEAGUES

Check the website and "Primer" for information regarding leagues. These are open to the public, and novice shooters are welcome. All shooters are assigned to a five person squad, and competes alongside another squad each week.

BEGINNER SKEET LESSONS

Beginner's skeet lessons are held usually one Saturday a month, at the Shotgun Clubhouse, from 9:00 AM until noon. Check the main gun club event calendar for dates. **Pre-registration is required** because class size is limited. To register please email shotgun@okcgunclub.org. The cost is \$40.00 which includes targets. The lesson plan will cover gun safety, gun fit, basic skeet fundamentals, and skeet etiquette. Participants will need to bring:

- 4 boxes of target load shells. No. 7 1/2-9 shot (Lead shot only - NO steel shot)
- Eye protection
- Ear protection
- A ball cap or visor and a shell bag to hold your ammo

REGISTERED SKEET AND TRAP

The Oklahoma City Gun Club is proud to host numerous registered skeet and trap tournaments throughout the year, which are officially sanctioned by the National Skeet Shooting Association (NSSA) and the American Trap Association (ATA). Participation in these shoots requires current membership in the NSSA and the OSSA (Oklahoma Skeet Shooting Association) for skeet, as well as ATA and OTA (Oklahoma Trap Association) for trap. All shooters must present a valid membership card and current classification card for entry into the shoots.

5-STAND

Our newly completed 5-Stand Field is located directly South and West of the Muzzleloader Range. 5-Stand is very similar to Sporting Clays in that a wide variety of targets are thrown. No two 5-stands are exactly alike. There are five "stands" or stations to shoot from. There are usually somewhere between 6 and 8 traps that throw targets. Participants shoot in turn at each of the 5 stands and various combinations of targets are thrown from the traps. There is a menu card that will advise the shooter of the sequence of targets. 5-Stand is a great way to get a Sporting Clays like experience in a small amount of space, with very little walking.

We will begin shooting from 12:30 PM - 3:00 PM on the 3rd Sunday of the month. The cost is \$5.00 a round. Five people can shoot at a time and you will be squadded on a first come first serve basis. We are excited to get this shooting discipline off the ground and running. Whether you are an experienced shooter or a beginner, 5-Stand provides you an opportunity to dust off that shotgun and try something new at the Oklahoma City Gun Club.

Come Join Us!!! Please do not hesitate to contact us with any questions. Suzi Rouse, 405-818-6125, president@okcgunclub.org.

Oklahoma City Gun Club

SHOTGUN DIVISION, continued

CHICKS BREAKIN' CLAYS!

Ladies, have you ever wanted to learn how to shoot a shotgun but felt intimidated by shooting with a group of men? Have you wanted to just practice your skills in shooting skeet or trap or 5-stand in a comfortable environment with a fun group of female friends? Well, here's your chance! "Chicks Breakin' Clays!" was developed just for you!! Prior to the start of Chicks' Season, if you're a new shooter or need some reminders on how to safely operate your gun, you will be required to attend the NRA's FIRST Steps class. This 3-hour class covers **Firearms Instruction Responsibility** and **Safety Training**. Please check with Paula Tate for specific dates and times. If you are interested in joining the "Chicks" or have questions, contact Paula, at 405-250-0607 or email her at skeetpair@gmail.com.

MEMBER RESPONSIBILITIES

This is a volunteer-run club, so each person shooting on the shotgun range is responsible for signing in before shooting and cleaning up the range when finished shooting which includes: picking up empty hulls, rolling up the cords and putting them in the low house, de-cocking the machines and loading them, and flattening empty target boxes and putting them in the incinerator. Targets are paid for using the Briley system on each field. Tokens and/or Smart cards can be purchased on Saturday's from 10am until noon. There is also a token machine located by the sign in board. Instructions for using the Briley boxes are located on the shotgun web page.

CHILDREN AND SPOUSES

Feel free to bring your family. Young shooters are always welcome, and may shoot as long as they are big enough to handle the gun and know gun safety. As a member, you will be expected to shoot with or accompany any shooter under 16, as well as any guest you bring to the range.

HONOR'S FIELD PRIVILEGES

All skeet and trap fields are honor's fields and may be used by members out of our regular hours. Before a member receives honor's field privileges for the skeet/trap fields, he/she must: attend a safety orientation class. This class will be offered quarterly and instructions for signing up will be on the shotgun page of the website.

SHOTGUN DIVISION, continued

DIVISION COMMITTEES

In order to run such a large volunteer division, there are several committees on which a member may serve. Please choose one on which to get involved. The committee heads and their contact information is listed below:

SILHOUETTE DIVISION - AR STEEL PLATE CHALLENGE

Contact: Jim Fields

405-203-1268

jimfokc@msn.com

Website: www.OKCgunclub.org/silhouette-division.html

always check the website for updates

Location: Silhouette Range

see map on page 5

INTRODUCTION

The AR Steel Plate Challenge match takes place March through September on the last Saturday of each month at 8:30 AM on the Silhouette range. As always, with any match on our range, be sure to check event calendar or on our web page at www.okcgunclub.org for any date changes.

This match is for the average club member to have fun with his or her AR-15 & the main rules are, as stated below is safety both while on the line or behind the line. You do not have to be a club member to shoot this match, so you can bring a guest. Safety chamber flags are a must & are provided. Bring your own eye & ear protection.

If you plan on shooting all three events, (20 rounds each) including practice rounds you will need 85-to-100 rounds.

Any calibers on the AR platform are legal. No magnum rifle calibers are allowed on the silhouette range.

You are allowed practice rounds before each event before shooting for score.

The steel plates are left up on the range at all times at all distances so club members can practice on off-match dates, just be sure that you do not shoot at any silhouette targets while using the silhouette range. Range rules are posted above the sign-in box left of the silhouette clubhouse door.

You are required to sign-in anytime you use the silhouette range facility. Contact Division Director above, if you have any questions.

SAFETY

1. Safety is the number one concern while competing in this match.
2. Eye and ear protection is required to compete in this match.
3. Upon completion of your course of Fire, and Before Leaving Your Shooting Position, Magazines Out, Safety Flags in Chamber. We provide safety flags.
4. No Armor-Piercing Bullets Allowed on the Silhouette Range, regular FMJ OK.
5. Do Not Shoot at Any Silhouette Targets Either During the Match or While Practicing on This Range. Shoot at Swinging Steel Plates Only!!!!
6. Pick Up Your Brass Immediately After Completing Course of Fire. We provide a brass catcher.

SILHOUETTE DIVISION - AR STEEL PLATE CHALLENGE, continued

MATCH FORMAT

1. This is a 20-Round Match - Five (5) Shots Are Fired on Steel Plates at Each Distance. Club members as well as non-club members may shoot in this match.
2. There are three courses of fire, with 5 shots fired on steel plates at each distance for a total of 20 rounds on each course (1) SHORT COURSE - 100 meters, 150 meters and 300 meters. (2) LONG COURSE - 200 meters, 300 meters, 400 meters & 500 meters. (3) SPEED EVENT - 20 rounds shot on the short course of fire, within a one minute, (60 second) time frame. All ties will be shot off.
3. Entry Fees Are \$10.00 Per Entry There is no additional charge if you shoot the 20-round speed event providing you shoot both the short range course and long range course. You May Shoot a Re-entry for \$5.00 After Everyone Has Completed Their Course of Fire, But This Score is Not Counted in the Match. Please Mark Re-entry on Your Scorecard.
4. You Shoot Off a Bench With Supplied Front Rest or if You Prefer & Your Rifle Is Equipped With a bi-Pod You May Use It. You may also shoot in the prone position on a shooting mat if you like. Brass catchers are provided.
5. You Are Allowed a Spotter to Score Your Hits - X=Hit 0=Miss
6. This is a Elapsed Time Event Your Time For 20-Rounds Will Be Recorded by a Designated Person With a Very Accurate PACT Timer
7. Please Note; Tie scores Will Be Broken by Shooters Total Elapsed Time and Score. Example: Two Shooters Tie with a score of 15x20, Shortest Elapsed Time Determines the Winner. If a Tie Still Remains, a Shoot-off Will Then Take Place Between Competitors. NOTE: You Have a Limit of Four (4) Minutes to Fire Twenty (20) Rounds; Any Late Shot Will Not Count.
8. Sign Your Score card After Completing Your Course of Fire, Once You Sign it, You Are Responsible For Any Mistakes.
9. If Your Gun Malfunctions During Course of Fire and You Can't Resolve the Problem Within a Reasonable Amount Time, Safety Flag in, Magazine Out!!!
10. Make Sure You Fill Out Your Score-Card Correctly From Top to Bottom
11. This Match is Designed to Have Fun With Your AR, So Please Abide by the Rules Set Forth, So We Can Continue Shooting This Match. We Will Shoot the Last Saturday of Each Month, March thru November, Starting at 8:30 AM you may go to our website, www.OKCgunclub.org and check the event calendar for exact dates.
12. A new event will be a 20-round speed event where you will have one minute to fire 20 rounds on steel plates from 300 meters, back to 100 meters; 5 rounds on each plate. There is no charge for this match providing you have paid for the two other matches.

Oklahoma City Gun Club

SILHOUETTE DIVISION - NRA LEVER ACTION

Contact: Glenn and Jeanne Ring
405-820-2067
jeanne@mbo.net

Website: www.OKCgunclub.org/silhouette-division.html

Location: Silhouette Range

always check the website for updates
see map on page 5

INTRODUCTION: NRA LEVER ACTION

This match is NRA approved and is conducted the third Saturday of each month. Please email match director for starting time, as times will vary. There will be a regional match also, date to be announced. Our regional matches have drawn competitors from many states, as far away as Pennsylvania and Wyoming. We do not wear costumes at these competitions.

NRA Lever Action consists of three disciplines: Center Fire, Pistol Cartridge, and Smallbore.

Center Fire rifle is a lever action, tubular fed .25 caliber or larger center fire rifle. A rimmed case loaded with a round or flat nosed bullet must be used. Exception: .35 Remington.

Pistol Cartridge is any lever action rifle with a tubular magazine. A rimmed pistol cartridge loaded with a round or flat nosed bullet must be used, i.e. 25-20, 32-20, 38's, .357 Magnum, 38-40, 44's, 44-40, 45 Colt, 45 Long Colt, .22 Magnum and .22 long rifle.

Smallbore rifle is any lever action pump, or semi-auto rimfire rifle with a tubular magazine. Only .22 long rifle ammunition is allowed. Hyper velocity ammunition is prohibited.

Our matches are 40-rounds each.

The Center Fire course of fire is ten shots each on full-size silhouettes as follows:

- Chickens at 50 meters
- Pigs at 100 meters
- Turkeys at 150 meters
- Rams at 200 meters

The Pistol Cartridge and Smallbore course of fire is ten shots each on half-size silhouettes as follows:

- Chickens at 40 meters
- Pigs at 50 meters
- Turkeys at 75 meters
- Rams at 100 meters

The NRA Rifle Rule book may be downloaded at:

<https://compete.nra.org/documents/pdf/compete/rulebooks/sil-r/sil-r-book.pdf>

If you are interested in trying either NRA Lever Action but don't have the proper equipment, please contact us at 405-820-2067, call or text, or jeanne@mbo.net, email. We'll make sure equipment and ammunition are available for you to give it a try. Your first match is free.

SILHOUETTE DIVISION - PISTOL

Contact: Jim Fields

INTRODUCTION

We welcome anyone wanting to shoot High Plains Handgun Metallic Silhouette (HPHMS) at the OKC Gun Club. If you have not shot this before then your first time is FREE!!! Don't be discouraged if you do not have one of the specialty guns. Just bring what you have. Many Gun Club members will be happy to let you use their gun and even provide assistance and ammo. Every member encourages you and wants you to do well. So come on out and bring a friend. You will wonder why you never tried it sooner. The Silhouette Range at the Gun Club utilizes a new remote controlled auto target reset system.

WHAT IS HPHMS?

HPHMS is a new this year with the purpose of promoting handgun silhouette competition that even the beginner will enjoy beginning with their very first match. The object of the competition is to knock down metallic silhouettes (chickens, pigs, turkeys and rams) at various ranges out to a maximum distance of 500 meters. Both center fire and .22 smallbore. We shoot a monthly matches March thru November, then we host a State Championship, a Regional Championship, then a National Championship normally in the month of July.

SOMETHING FOR EVERYONE!

Many different types of matches are shot and there is always one to suit any member of the family. The matches vary according to handgun type (Air Pistol to .22 to big bore) and shooting position (standing to free style). We pride ourselves in our diversity as HPHMS is open to men, women and children of all ages and physical abilities.

IT'S SIMPLE AND EXCITING!

Hit a steel target and knock it over. You will find silhouette shooters helpful and friendly and more than willing to go out of their way to assist you. The game is actually very simple and you probably already own a handgun that qualifies for competition. It will make you the absolute best pistol shot you can be!

INTRODUCTION: PRECISION 22 RIMFIRE MATCH

This is an all steel match from 50 meters to 300 meters. Matches are held the third Saturday March through October on the Silhouette range. Please email match director for starting time, as times will vary.

ANY 22 LR Rifle and **ANY** sight can be used. Tripods, sandbags, and shooting sticks can be used depending on the design of the course of fire. Courses of fire will change monthly.

All stages will be limited to 5 shots, with time limits to be announced at the match.

Every month is a different set of steel, reactive targets from $\frac{1}{2}$ inch square to full size rabbit, squirrel, and bowling pin shaped steel targets, and all sizes in between. We shoot NO PAPER TARGETS.

Cost is \$5 per shooter. First time shooters are free and shooters under 18 years of age are always free.

INTRODUCTION

As part of the Silhouette Division, this match is an NRA approved match and is conducted on the first Saturday of the month, March thru November, at the Silhouette Range. The rifles used are the traditional type in use during the 1870-1900 time period - strictly black powder and lead alloy bullets. No gas checks or jacketed bullets allowed. The only black powder substitute allowed is Pyrodex.

Rifles common to the era are: the 1874-1875 Sharps, 1885 Winchester, Remington Rolling-Blocks, and Stevens 44,1-1/2. There are many more rifles, too many to list here, suitable for this type shooting. Modern reproductions are acceptable.

Calibers most commonly in use are the .40-65 Winchester and the .45-70 Winchester. You will also see the .38-55 Winchester, .38-50 Remington Hepburn, .40-70 Sharps Straight, and the .45-90 Winchester.

Normally, sighting equipment consists of a tang mounted vernier rear and a globe type front sight using interchangeable inserts. Apertures or post are the most common.

There is also a scope category. Scopes are of the traditional style in use during the 1860-1900 time frame. There are three (3) or four (4) brands available. Oklahoma City Gun Club member Dan Zimmerman of DZ Arms produces world renowned scopes and BPCR rifles.

The targets are of steel plate, cut to resemble full sized animals:

- The 200M target is a silhouette of a Chicken. Shot in the standing position.
- The Pig is positioned at 300M and shot from the sitting or prone position using crossed sticks.
- The Turkey is at 385M.
- The Ram is at 500M. Again, shot from the sitting or prone position using crossed sticks.

Ten (10) shots for score at each animal at each of the four (4) distances. Unlimited sighters shots are allowed for each animal prior to going for score. Keeping in mind you will have a seven (7) minute time limit for the first five (5) shots for record. The second five (5) shots for record will have a five (5) minute time limit, and sighters are not allowed. Approximately sixty (60) rounds are required for a complete match.

This is a highly competitive and highly rewarding sport. Using the equipment and the basic technology available to the shooter and hunter of the late 1800s to hit the steel animal sized targets from 200M out to 500M distances.

The NRA Rifle Rule Book may be downloaded at:

<https://compete.nra.org/documents/pdf/compete/rulebooks/sil-r/sil-r-book.pdf>

If you feel you would like to participate in this type competition, or just want to know more about it, come on out on the second Sunday of the month beginning in March. Your first match is free.

If you cannot wait until then, email Todd Tullio at tullio@pldi.net

INTRODUCTION

The Training Division makes available many opportunities to educate both members and the public in both safety and responsibility in many different disciplines. In addition to personal defense and situational awareness advanced classes along with special discipline classes conducted by nationally-recognized instructors, the Training Division offers the following:

- NRA Certification Classes in Shotgun, Rifle, Pistol, and Muzzleloading
- Beginners Skeet Classes
- Concealed Carry Classes
- Basic Handgun Classes

The Training Range is open to all Gun Club members to shoot .22 LR pistols and rifles. Always check the Gun Club calendar for scheduled events when the Training Range is in use.

The Training Division also schedules (25) Boy Scouts of America (BSA) Troops each year for shotgun and rifle merit badge certification and many Civil Air Patrol Cadets camp to shoot rifles and shotguns.

Training Division Range - RULES

- 1.** Read and obey range rules while using this range. You are responsible for knowing these rules! Contact a club official if you need clarification.
- 2.** Safety is paramount in all activities conducted on this range.
ALWAYS keep firearm pointed in a safe direction
ALWAYS keep your finger off the trigger until you are ready to fire
ALWAYS keep your firearm unloaded until ready to use
- 3.** NEVER handle firearm while someone is downrange.
- 4.** Eye and ear protection is **REQUIRED** when on or near this range.
- 5.** This range is for .22 rimfire handguns and rifles only. **DO NOT** use centerfire handguns, centerfire rifles, or shotguns on this range except for approved and sanctioned events.
- 6.** All shooting must be from an established firing line. **DO NOT** go forward of the concrete pad (into the grass) for shooting except for approved and sanctioned events.
- 7.** All rounds must impact the rear earthen berm – **DO NOT** fire at the two side berms, the range floor, or over the rear berm.
- 8.** When two or more people are using this range, one must act as the Range Safety Officer.
- 9.** Any person at any time is authorized to declare “Cease Fire” for an actual or anticipated issue. Upon “Cease Fire”, all firing is to stop immediately.
- 10.** All firearms must remain unloaded with action open and reasonably visible when not in use.
- 11.** **DO NOT** use explosives, explosive targets, armor piercing, incendiary, or tracers on this range.
- 12.** **DO NOT** use makeshift targets placed on the ground – no cans, bottles, etc.
- 13.** Members may bring their own targets/target frames and steel targets. (Steel targets must be 10 yards or more from the firing line). Targets need to be high enough that misses impact the rear berm.
- 14.** **DO NOT** remove the club target stands from the range. Members should bring their own sticks and targets.
- 15.** This is your club and volunteer-operated facility! Please put target stands back on concrete pad, clean up brass and trash after each use.

WOMEN'S DIVISION

Contact: **Suzi Rouse**

405-818-6125

president@okcgunclub.org

Website: www.OKCgunclub.org/women-s-division.html **always check the website for updates**

NOTE: Historically, Women's Bullseye has been held the fourth Sunday from 9:00 AM to 12:00 PM, April through October but specific dates can't be scheduled until construction on the pistol range is complete.

INTRODUCTION

In December 1999, the Board of Directors of the Oklahoma City Gun Club unanimously approved the formation of Women's Division. Coincidentally, during the same month, the NRA created the Women on Target (WOT) program aimed at providing opportunities for women in shooting. Together they formed a partnership in organizing the First Annual Women on Target Instructional Shooting Clinic on September 8, 2000. Grants were applied for and funded to the newly formed Women's Division by the NRA Foundation via the Heartland Friends of the NRA and the Women on Target program of the NRA.

Fifty-seven women attended the inaugural shoot in 2000 and registration in 2018 was over 600 registrants. As a result, Oklahoma City Gun Club has hosted the nation's largest instructional shooting clinic for women for the past 20 years. The WOT Instructional Shooting Clinic has continued to grow and be successful through the efforts of members of the Oklahoma City Gun Club, volunteers from the Oklahoma County Sheriff's Department, Oklahoma Highway Patrol, Midwest City Police Department, Oklahoma Department of Wildlife Conservation, and the Women's Division.

The Women's Division charter members are Suzi Rouse, Joann Burner, Susan Cusack, Sharon Conrady, Pam Green, Sandy Payne, Dawn Taylor, Diana Hannah, Kansas Conrady, and Suzanne Black. These ten women became NRA certified instructors in pistol, shotgun, rifle and range officer disciplines through funding and support of the WOT program. Their backgrounds varied from a homemaker to a FBI Agent. They all had one focus and that was to provide an opportunity to share various shooting sports and firearms safety to women who have an interest. The current members of the women's division include the ladies listed above, in addition to Paula Tate, Jana Butcher, Cathy Canary, Tina White, Jackie Legg, Julie Rutledge, Carey Pribil, Marilyn Dye, Tracey McKey, and many other ladies who donate their time and expertise.

We have women that come from all over Oklahoma and as far away as Texas, Arkansas, Kansas, Nebraska, California, and Florida. Women from all walks of life participate in this event and we encourage anyone who has an interest in participating to sign up for a fun filled day of firearms safety and actual range time with a 22 rifle, various calibers of pistols, 20 gauge shotguns and AR-15 rifles. Companies such as Benelli, Glock, Smith & Wesson, DPMS, Inc., Ceasar Guerini, Blaser USA, Federal Premium Ammunition, along with Cabelas sponsor this event and provide firearms for the day. The WOT Women's Fun Shoot is always the first Saturday after Labor Day. Early registration is strongly recommended, as this event is extremely popular and fills up quickly. Visit www.OKCgunclub.org for more information.

INTRODUCTION

The Oklahoma City Gun Club Youth Divisions main focus is to give youth an opportunity to experience the fun and excitement of shooting sports. Youth are offered the opportunities to shoot in a safe and comfortable environment. This club is open to any youth living in and/or attending school in Oklahoma County.

OKLAHOMA COUNTY 4-H SHOOTING SPORTS

Oklahoma City Gun Club is a proud supporter of the 4-H shooting sports program. This program is a youth development program whose main focus is developing capable and responsible youth and is open to any youth living in and/or attending school in Oklahoma County. Safety is the primary focus of the shooting sports club. Currently the following disciplines are offered through the Oklahoma County 4-H Shooting Sports club:

- Shotgun

Youth range in age from 10 to 18. The Oklahoma City Gun Club is allowing these youth to use the excellent shooting facilities available to practice for their 4-H shooting competitions. This club is open to any youth living in Oklahoma County. Youth do not need to have any prior shooting experience. There are currently five certified coaches working with the youth.

YOUTH HUNTER EDUCATION CHALLENGE (YHEC)

Recognized as the most comprehensive youth hunting program anywhere in North America, the Youth Hunter Education Challenge (YHEC) is NRA's "graduate studies" program in outdoor skills and safety training for young hunters. Open only to those who have completed hunter-safety training at the state or provincial level, the program is conducted under simulated hunting conditions to provide the best practical environment for reinforcing and testing a young hunter's skills. From rifle, bow and muzzleloader shooting at life-sized targets, to wildlife identification, to map-and-compass orienteering and more, YHEC participants get hands-on training in eight skills areas, giving them expertise in all methods of take and all types of game. Visit our GALLERY to see photos and definitions for the eight skills.

- Muzzleloader
- .22 Rifle
- Wildlife ID
- Hunter Safety Trail
- Shotgun
- Archery
- Orienteering
- Hunter Responsibility Exam

State - and provincial - level YHEC programs, hosted by volunteer instructors, draw an estimated 50,000 youths each year. Top ranked individuals advance to the annual NRA International Youth Hunter Education Challenge, the pinnacle of the program. Since its inception in 1985, YHEC has reached more than a million young sportsmen and women. Follow the Youth Hunter Education Challenge at www.YHEC.org.
