

# Archery & Air Gun Range - RULES

- 1.** Read and obey range rules while using this range. You are responsible for knowing these rules! Contact club official at [archery@okcgunclub.org](mailto:archery@okcgunclub.org) if clarification is needed or to report maintenance issues.
- 2.** Make sure of the target you are shooting at and what is behind your target.
- 3.** Do not shoot arrows across lanes.
- 4.** Hang bows on bow hooks or benchrest prior to going down range. This let others know someone is down range.
- 5.** Field points only on all Bag and 3D (animal shaped) targets.
- 6.** Broadhead arrows used only RED targets.
- 7.** Air guns may only be used on metal targets, never shoot bag or 3D targets.
- 8.** When two or more people are utilizing a range, one must act as Range Safety Officer.
- 9.** Never handle air gun or bow while someone is downrange. Before anyone goes down range the Range Safety Officer must declare "Cease Fire - Range is Closed" and all air rifles / crossbows **MUST** be unloaded (action open or de-cocked) and placed on a rack or hook. Range Safety Officer shall verify all persons have returned before declaring "Range is Open." Usage of empty chamber flags is highly encouraged in air guns.
- 10.** Any person at any time is authorized to declare "Cease Fire" for an actual or anticipated safety issue. Upon "Cease Fire" all firing is to stop immediately.
- 11.** Always carry air guns **UNLOADED**. Only load air guns when pointed down range. When not engaging targets, muzzle must be pointed straight up or straight down.
- 12.** No high-powered air rifles allowed. No more than 20 Foot Pounds of energy allowed.
- 13.** During a match, all ranges are closed (except Range 1) until match is complete. Check Club Calendar for dates and times.
- 14.** This is your club and a volunteer-operated facility! Please clean-up range after each use!
