

Action Pistol Division

74 shooters turned out for the August USPSA match, with 7 stages and about 180 rounds required.

We are starting to use the Practiscore website for pre-registration for our matches. It is not required, but is encouraged. There is no charge when you pre-register -- you pay at check-in on match day. We have decided not to offer online self-squadding for the USPSA matches at this point. While there are some advantages, there is a significant down-side as well for our matches. Links to pre-registration will be included in match announcements so if you are not receiving them, go to the Action Pistol Division on our website and select "Sign Me Up".
