

Action Pistol Division

70 shooters rolled out for the November USPSA match. As we near the end of 2018, it's nice to look back and see that we're averaging about 70 shooters a month. Steel Challenge also shows a very strong turnout, averaging about 50 shooters. That's only possible with the help of everyone, whether it's helping with setup or teardown or pitching in during the match to keep score, RO or reset the stage for the next shooters. *Our thanks to everyone for making it all come together!*

Good news! After many months without a 3-Gun match we held one on the 4th Saturday of October. Our plan is to hold the match every other month on the 4th Saturday, making the next one on December 22nd. Stay tuned as specifics are decided.
