The Oklahoma City Gun Club “Primer”

Our news and information about the nationally recognized Oklahoma City Gun Club.
P.O. Box 32043 , Edmond, OK 73003

FROM THE PRESIDENT

Finally, some nice days to get out and go to the range! April is a busy month for the OKCGC, with lots of events going on. Check the calendar as I am sure there will be something that sparks your interest. In addition, a reminder of the Club Picnic and members meeting on May 6, 2023.

We will have GREAT prizes (Guns! Guns! Guns!), reports from the division chairmen and announcement of the newly elected Board of Directors. Bring a side dish/dessert and get the kiddoes out of the house and break bread with your fellow OKCGC members.

In this edition of the Primer you will find candidate statements from the slate of members who are running for Board of Director positions. If you are a Voting Member, you will be receiving your ballot in the mail which will enable you to vote via the U.S. Mail or electronically. We would like to have 100% participation by the Voting Members and remind you that voting will cease at 12 p.m. May 5, 2023.

There will be no voting on the day of the picnic, so be sure and cast your ballots on line or drop them in the mail prior to the election closing.

Your vote counts!!!

Inside are the candidates for the 2023 election of the Board of Directors.
Official voting ballots will be mailed 4/7/2023.

Respectfully,
Suzi Rouse, President

Introduction To: “Air Rifle Indoor Precision BR Matches”

This indoor shooting competition takes place in the OKC Gun Club Main Club House, with year-round air conditioning. Our competition is shooting our own air guns from a bench, using a shooting platform or a 2-piece rest to steady our rifle. We do not have teams. Our scores are scored individually. Currently, we have 1 class, and the rifles are “open class” or “unlimited class”. The competitors use 36 X power scopes or even more powerful scopes. The phrase “Bring your Best to do your Best” is what we are all about. The distance we shoot is 17 meters, which is the same distance the silhouette shooters shoot in the main club house. We supply targets that are designed to be difficult, and we also charge a weekly entry fee to offset the cost of the .999 pure silver coins that we give as prizes each week.

At the present, we have only 1 class of rifles, but we will offer a 2nd level of rifles if the supply & demand warrants.

Monday match time includes a practice time from 7:00 AM to 8:00 AM and then from about 8:15 to 11:00 AM is for the match and awards time.

In general, the pellet cost is about \$0.04 per pellet, and the practice and entire match usually consists of 100 – 150 total shots.

OKC Gun Club Members and guests are welcome to come, observe, and participate in any of our Monday Matches.

Archery

The OKCGC Archery Division jointly with the Archery Shooters Association for Oklahoma will conduct a State Qualifying event taking place at the OKCGC Archery Division Complex on Saturday and Sunday May 13/14 .

Each day shooters from all over the state will be competing on our 20 lane 3D target course specifically designed and approved by the ASA. The match shooting time starts at 9am as all are welcomed to see the competitors in action. There are some basic curtesy rules for observing that need to be followed while watching. Also, Club Members who wish to shoot are welcomed.

As stated, this is a "qualifying event" for those wishing to shoot at the State Championship but any 3D shooter can participate. Again, there are some specific rules to be followed for those participants. The cost for Club Members is \$15.

In addition to the match, a fun shoot will take place following the event. Last, but not least, a great food truck will be available from 7am to 2pm serving breakfast in the morning and great lunches throughout the day.

Come by and participate, observe, or have a bite if you get a chance!

Action Pistol Division – March 2023

86 folks turned out for USPSA with Carry Optics carrying half of the turnout.... and no Production shooters! Seems to be a continuing trend.... GSSF had 51 entries and Steel Challenge had 22 entries. In answer to the question about “entries vs shooters” at a match, GSSF and Steel Challenge often have shooters compete in multiple divisions.

We are sending out reminders and links to Practiscore to register for our matches. Pre-registration is not mandatory, but it really helps get matches underway in a timely fashion. If you would like to be added to our email list, send an email to ipsc.mail@okcgunclub.org. We normally send reminders the week of the matches. The scores are as follows:

March 3, 2023

Dear Voting Members:

Please accept my nomination to the board of directors of the Oklahoma City Gun Club.

My association with the club started in 1988, during which time it has been my pleasure to have served on the board of directors for multiple years including tenures as treasurer and vice president. I have watched and been a part of the club's growth from a few divisions and less than 600 members, to virtually every shooting discipline most of us can imagine, and roughly 2500 members. We are a vibrant and growing organization: Arguably the best private shooting club in the nation, something we are all proud of, I'm sure.

For your review, my personal credentials include 34 years of military service, 24 of which were active duty. I enlisted in the Oklahoma Army National Guard at the age of 17, served 4 years, then completed Officer Candidate School and was commissioned a Second Lieutenant in 1987. Holding command and staff positions through brigade level to include one combat tour in Afghanistan as a part of Joint Coalition Task Force Phoenix. I retired at the rank of Colonel, commanding the Oklahoma Regional Training Institute as my final assignment.

My education includes a Bachelor of Business Administration, Master of Education, and Master of Strategic Studies.

A competitor at heart, my major shooting accomplishments are The Distinguished Rifleman Badge, The Distinguished Pistol Shot Badge, President's 100 Rifle, Silver EIC .22 Pistol Badge, and multiple local, State, regional, and National trophies. I regard my selection to the 2024 U.S. Palma Team as my greatest achievement.

My participation in divisions at the club include shotgun, bullseye pistol, IPSIC pistol, steel challenge, silhouette, archery, rimfire sporter, and smallbore rifle, but I am most at home on the High Power range where I have been a division official for most of my years at the club. I am the club's liaison for the Civilian Marksmanship Program, and I volunteer my time as the treasurer of the United States National Rifle Team, Inc. – a charitable organization incorporated to fundraise for our international fullbore teams.

I am a lifetime NRA and ORA member.

Therese, my wife of 22 years, and I live on twenty acres within one mile of the gun club. As the club's neighbors, we both consider the somewhat constant drone of gunfire to be the sound of freedom.

The Oklahoma City Gun Club is a major part of my life, and it would be my distinct honor to again serve our membership as a director.

Thank you,
Curtis Bohlman

Fellow OKC Gun Club members

Once again, I am asking for your vote in the upcoming trustee election.

For those of you who might not know me, I have been an involved member of the club for over 40 years and have been a trustee for two different time periods totaling about 20yrs.

Like you, I have great pride in what the club has accomplished over the years and I want to continue to be a part of that. I have used almost all the ranges, participated, worked and competed in many of the divisions and would represent all club members interests in our diverse shooting community. Thanks for your past support and votes.

Auto Body Technician 1983-2023

Carried out a range of repairs, from hammering out minor dents to windshield replacement to complete rebuilds and paint jobs. When not repairing collision damage, technicians work on body customization or minor repairs, such as buffing out scratches or refurbishing corrosion damage.

Crackers Paintless Dent Repair, Midwest City, OK

Owner 2005-current (non-active business)

Paintless Dent Repair is an environmentally friendly repair method that restores a vehicle's body to factory-like condition in a fraction of the time at a fraction of the cost. PDR can be used to remove dings and dents from vehicles, as well as creases and hail damage.

Dear OKC Gun Club Members,

For the past six years I have been honored to represent you by serving on the Board of Trustees. I have taken that responsibility very seriously. The trust that you have shown by electing me is very humbling and if you choose to reelect me, I pledge to continue to always do my best to put the interest of the club and all of the member's interest first.

Until I retired, I was a business owner and contractor. My experience in growing and managing a business has been very helpful as our club has grown and continues to grow.

We have one of the finest gun clubs in America and with that comes the responsibility of managing and allocating resources to give the greatest benefit to all the members. It is critical that we continue to improve and respond to the needs and wants of our members and community. If you see me whether it is at the Shotgun Range, Benchrest or Cowboy Range please don't hesitate to discuss any issues or problems you feel exist. Only by communicating, can we solve problems which might exist.

We also face the threat of individuals and groups trying take away our constitutional right to enjoy the shooting sports. Please make an attempt to introduce someone, who is not a shooter, to the fun of shooting and let's get more people enjoying shooting as much as we do.

Thank you for your support in the past and I hope I count on your support again this year.

Sincerely,

J.R. Hile

Roger L. Kneeland

As a veteran of the US Armed Forces, I served six years in US Army 1973-79. I sustained a loss of use injury on my right arm while in service. Which forced me into a medical retirement. I served with pride and enthusiasm, which I would like to extend and take to the things I can do at the Oklahoma City Gun Club. I then used the G.I. Bill went back to school and learned drafting, and design.

I have worked for architects in Idaho and Oklahoma. I did the working drawings for architects and designers on paper, of large commercial buildings and custom homes for about 10 years. I learned the cad side of drafting and have worked with that since. Altogether I have 42 years drawing and designing. I've had my own business drawing and designing custom homes since 1995.

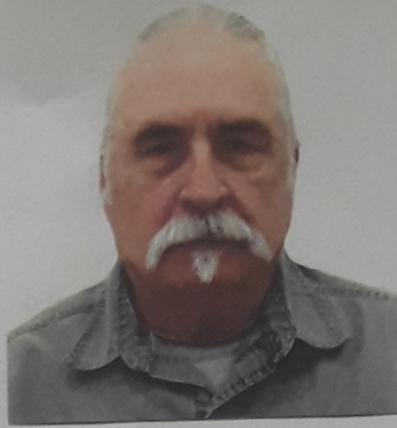

I have recently retired from actively working, although I still draw, homes and buildings at home.

I have remodeled 25 yard turning targets at the pistol range as needed. I have done welding and repairs as needed. To make them operate smoother. I have rebuilt the targets frame for the pistol range. I have volunteered at the benchrest range, to install the steel posts needed on that range. I have worked on the muzzle loading range several times to work on things needed for that range. I run the workdays as they are needed. I set up the range for the bullseye competitions as we hold them. I enjoy keeping the maintenance done on the pistol range. I have spread about 200 lbs. of varies grass seed, and fertilizer east and north berms to stop the erosion.

I am actively shooting and currently I am the division chairman for the Bulls Eye division. I also shoot military bolt competitions. I enjoy, shooting the black powder matches. Looking forward to shooting Hi-power in the near future.

I would like to be considered as a board member for the Oklahoma City gun club.

James (Jim) Meyers

Hello Everyone. I became a member of the OKC Gun Club in 1980 and a voting member in 2008. I am also a life member of the NRA. I am a pistol silhouette shooter. I helped to install all of the auto reset targets and was co-match director of the pistol silhouette division since 2008. Since the retirement of Jim Fields I am now the match director of the pistol silhouette matches. I have also done a work day or more since I first joined the gun club.

The Gun Club has come a long way since the 1980's. Membership has more than doubled. Vast improvements have been made in all areas of the club. It is my desire to see that this continues to go forward. From dirt roads with very little gravel, portable buildings, and an old farm house for the main clubhouse to one of the best gun clubs in the country. With permanent buildings on almost all the ranges. Covered firing lines. This is what I am committed to see going forward.

There is always a lot more work to be done and room for improvements. One of our goals should be the encouragement of more women and youth to enjoy our sports and our rights.

I would appreciate your vote. Thank You. Jim Meyers

To all voting members,

My name is Russell Patton. I have been a member since March 2012. I have been a voting member for 2 years and very active in the OKC Gun Club.

As a current, voting member of the OKC Gun Club, I believe I can be of much more service to the Club as a Board Member.

Here is a list my attributes that I believe would benefit the Club:

- Owner of a General Contracting business
- Knowledge of many facets of construction industry
- Licensed Builder and Electrical Contractor in several cities
- Able to assist in making decisions on design and practicality of new work or remodels
- The constant desire to help make the Club better
- A constant awareness for safety

The number one reason I want to be a Board member is the fact that I always want to give 110% to anything that I do. I believe by being a Board member I can do that.

I appreciate your consideration for a position on the Board of OKC Gun Club.

Sincerely,

Russell Patton

OKCGC Members:

My name is Kent Shomber and I came to our club in 1982 to compete in pistol silhouette. After starting a family and establishing a career I joined the club in 1991. I was active in High Power as a competitor, range chairman and match director for many years. And in 2011 I began serving as a board member.

I've been involved in hundreds of gun club projects and enjoy making improvements at our club as well as helping others with their projects. After retiring from the fire service I have more time to give back to our club. Serving on the board with others that have the interest of the membership and our club at heart has been a privilege.

I'm a member of several clubs and organizations, Life NRA, Bald Eagles Rifle Club, Whittington Center Gun Club, ORA, US National Rifle Team and our Oklahoma City Gun Club. As most of you know our club is one of the finest in the country. I would appreciate the opportunity to continue to serve on the board.

Thank you

Kent Shomber

Brent Tate – Letter of Intent to Run for Re-Election to the OKCGC Board of Directors

(March 2023)

My name is Brent Tate and I've been a member of the OKCGC since 2008. I am seeking re-election to serve another term on the gun club Board of Directors. It is my goal to continue to further the growth of the shooting sports for our club and to be a representative for all members of the OKCGC. My wife Paula and I primarily joined the club because we wanted to learn to shoot skeet. Since then our love of skeet, paired with teaching others to shoot, inspired us to become NRA Certified Shotgun and Pistol Instructors and we've also achieved NSSA (National Skeet Shooting Association) Level II Instructor certifications. In order to teach in the club's Reloading Division I earned NRA certifications in Shotgun Shell Reloading and Metallic Cartridge Reloading. Paula and I served as Shotgun Division Chairmen from 2014 – 2018, where significant changes and improvements were made to keep our facility the best in the state of Oklahoma and other states around ours. I continue to serve as one of the co-chairmen of the Shotgun Division. If I am re-elected to the board, I will strive to keep the OKCGC the incredible place it is for all members. Your vote is greatly appreciated.

I request your support in becoming an elected member of the Oklahoma City Gun Club Board of Directors. I have been associated with the club and enjoyed the facility since I was a kid shooting Black Powder Cartridge Rifle with my dad. Since joining the OKCGR a little over 3 years ago, I have been an active member of the Wild Bunch and Cowboy Action shooting divisions here at the range. I am currently the co-chair with Tommy Hagar for the Wild Bunch division and have helped him put on the Wild Bunch Nationals as well as growing our bi-monthly shoots. Tommy puts on a world class shoot, which is the standard for the OKCGC, I am just happy to be associated with the effort. The board of directors was integral in laying the foundation to making Land Run Nationals happen. I know the importance of the position I am seeking.

I am the Single Action Shooting Society "SASS" Wild Bunch "Ambassador" for the SW region encompassing Louisiana, Arkansas, Texas, Kansas, Missouri, and Oklahoma. I am responsible for promoting Wild Bunch, providing support and resources to WB clubs, training Range Officers and certifying Instructors. I have been involved in setting up and running the SASS "End of Trail" Wild Bunch World Championship for the past 4 years. I bring a diverse perspective to the table on gun ranges and how they operate.

The occupation supporting my shooting habit, is as a Captain flying the Boeing 757/767 for Delta Air Lines. This affords me flexibility to move my schedule around to meet any obligations required by the OKCGC as well as my SASS duties.

I grew up on our family farm in Perry Oklahoma and graduated from the US Air Force Academy. I have flown T-37, T-38 and F-15 aircraft. I retired from the OK Air National Guard in 2015 where I was the commander of the 146th Air Support Operations Squadron providing Air Strike support to ground commanders. I deployed in support of Oklahoma's 45th Infantry Brigade deployment to Afghanistan in 2011-12. My ties to Oklahoma run deep and I know what it takes to serve.

I humbly ask for your support for a position on the BOD. You have my promise to listen and always keep in mind what is best for the club and the shooting profession as we fight to keep our RIGHT TO KEEP AND BEAR ARMS!!

Respectfully on this day of 7 March 2023,

JB Waltermire
