NEWS RELEASE

FOR IMMEDIATE RELEASE ***Date: July 6, 2021***

Reserve Your Spot at CMP's 2021 Oklahoma Games Event

OKLAHOMA CITY, Okla. – The Civilian Marksmanship Program's (CMP) annual Oklahoma Games & HP Rifle Matches event is set to return to the Oklahoma City Gun Club, Oct. 17-24, 2021, and is currently open for registration!

Sign up now to join in on popular CMP marksmanship competitions like the Rimfire Sporter, Carbine, Vintage Sniper and Garand/Springfield/Vintage and Modern Military (GSM) matches. Also, with CMP Games events designed for both new and experienced marksmen, a special New Shooter Clinic is offered to allow participants the chance to learn more about vintage rifle competition before hitting the firing line.

Those searching for highpower (HP) rifle matches will find 80 Shot Aggregate opportunities, a 4-Man Team match and a Service Rifle EIC competition – all held on CMP's own line of outdoor electronic targets, powered by Kongsberg Target Systems (KTS). The use of the electronic targets means no pit duty is required during the HP events, while permitting faster competition and shorter days on the range for participants.

Not to be forgotten, a variety of pistol matches are also on the calendar including the As-Issued 1911 Pistol, Military & Police Service Pistol, 40 Shot, Pistol Two-Man Team, Pistol EIC and .22 Rim-fire Pistol EIC matches.

CMP's Rifle Marksmanship 101 course and the newly added Pistol Marksmanship 101 provide hands-on learning in the classroom and on the firing line. Students in the courses learn gun safety, target shooting skills, positioning, basic rifle mechanics and more! All firearms and equipment will be provided for the classes and are conducted by certified and trained military and civilian instructors. Additionally, an M1 Maintenance Clinic will give participants specific instruction on how to preserve the historic M1 Garand rifle.

For official match information and to register for the Oklahoma Games,
visit https://thecmp.org/cmp-matches/cmp-games-oklahoma/.

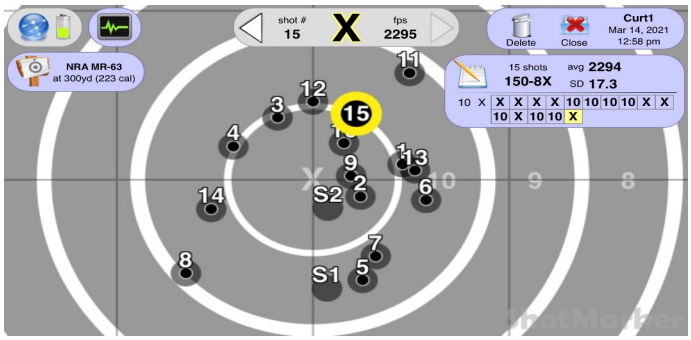
Everyone has an AR-15!

The Highpower division now offers two types of matches to develop your abilities from 200 and 300 yards with your AR-15 or AR-10, or most any other semiautomatic rifle, need not be .223 or .308. Both matches are shot using electronic targets which show both your shot location and down range velocity. Be sure to bring a smartphone or a tablet so you can see your shots!

The first match is called a “GSM” match, for Garand, Springfield, Military arms, fired at the 200 yard line with slow fire and rapid fire stages - shot from three positions, Prone, Sitting, and Standing. You’ll need two magazines and 55 rounds of ammo for this match. GSM match registration is conducted at the 200 yard line at 8:00 with firing starting at 9:00.



After the GSM match is completed, registration starts for the Tactical-AR match. Shooting starts at 12:30. Fired at the 300 yard line, this match is shot off of bipods or backpacks for support and stability, or you can sling up if you want too. This match requires 51 rounds and is single loaded (we call it slow fire). It’s an informal match so show up with what you’ve got and we’ll get you some good training.

We know ammo is scarce, but It takes a lot of ammo to compensate for lack of marksmanship skills. Make them count when it counts. Take a look at our match programs for more information on our web page at https://www.okcgunclub.org/high-power-rifle-division.html
Or call Tommy Sims with your questions at (405)613-1421.
Here’s our schedule, all Sundays:
August 8
September 12
October 10
November 14
December 5
Come see us and we’ll get you shooting!

Pistol Caliber Carbine

Attention Pistol Caliber Carbine shooters.
NRA Action Pistol division is going to allow PCC to shoot in their club events.
You will need all safety equipment and approximately 200 rounds of ammo.
We shoot on the first Saturday of each month. Cost is $20.00 non members and $15.00 for members.

Need more information call Chuck at 405-812-8223 or Si at 405-990-7015

Quote of the Month

" And how we burned in the camps later, thinking: What would things have been like if every Security operative, when he went out at night to make an arrest, had been uncertain whether he would return alive and had to say good-bye to his family? Or if, during periods of mass arrests, as for example in Leningrad, when they arrested a quarter of the entire city, people had not simply sat there in their lairs, paling with terror at every bang of the downstairs door and at every step on the staircase, but had understood they had nothing left to lose and had boldly set up in the downstairs hall an ambush of half a dozen people with axes, hammers, pokers, or whatever else was at hand?... The Organs would very quickly have suffered a shortage of officers and transport and, notwithstanding all of Stalin's thirst, the cursed machine would have ground to a halt! If...if...We didn't love freedom enough. And even more – we had no awareness of the real situation.... We purely and simply deserved everything that happened afterward."

ATTENTION: CONCEAL CARRY HOLDERS

Have you ever thought about trying to hit a target that is further away than 15-20 feet or that is moving and not static?

There was a famous law officer that thought his officers should be able to hit their target under four shooting conditions and at a more realistic distance.

- The first condition is shooting at a moving target. Think of a situation where the bad guy is moving and not at 10 or 15 feet but at 30 or may be 75 feet away. Could you stop the threat?
- The second condition is shooting from behind barricades. Shooting from behind barricades is difficult and again, not at some short distance but from 10 to 35 yards and with quick appearing targets.
- The third condition is shooting at multiple targets under short time limits; and
- The fourth condition are shooting at targets at longer distances and shooting with your weak hand only.

It's important to be able to **STOP** the threat and **PROTECT** the innocent!

These four shooting conditions / events became known as the Bianchi Cup.
The officer was the famous John Bianchi. These events are now known as
NRA Action Pistol.

Here, at the Oklahoma City Gun Club, you can learn how to **STOP** the bad guy by practicing these four events.

We shoot these events on the 1st Saturday of each month.
The cost is $15 for members and $20 for non-members.

Pistol Shooting Solutions Arcadia, OK - August 28th and 29th, 2021

Pistol Shooting Solutions
Arcadia, OK - August 28th and 29th, 2021
You already have the basics of shooting and gunhandling - you can load, unload, and draw from a holster safely, you have proper muzzle and trigger finger discipline, shoot reasonably accurately, you can keep your gun running by reloading and clearing malfunctions, and maybe have the basics of use of cover down. What do you do next to improve your capability to solve problems where the handgun is an appropriate solution? It's time to improve your ability to deploy the handgun better, shoot it better, and navigate movement, cover, and the presence of bystanders better. It's time for Pistol Shooting Solutions.
This class is two full days of intermediate to advanced level training, taught by Gabriel White (see instructor bio.) The class will use live and dry fire to improve our defensive use of the handgun, encompassing accuracy and efficiency in shooting, gunhandling, and personal tactics. This will include a heavy focus on developing students' technical skills and the application of those skills to solve problems relevant to defensive use of the handgun, including simple and complex spatial problems, and mitigation of danger to bystanders. Essentially, this class will focus on high performance in concealed carry and self-defense with a handgun.

- Efficient drawstroke • Shot calling
- Driving the gun on single and multiple targets (shooting mechanics)
- Full spectrum shooting on the move (controlled and dynamic movement)
- Shooting on the move competitive exercises
- Foreground and background mitigation
- Basic and advanced use of cover • Use of cover competitive exercises

Technical skills challenge testing • Effective dry practice
Student Prerequisites

- **At minimum, you must continuously execute the four firearms safety principles and be able to safely draw from a concealed, belt-mounted holster or unconcealed duty holster. This class is not appropriate for beginners and should not be your first training class.**
- You must be at least 21 years old, a U.S. Citizen, and not prohibited by any Federal, State, or Local law from possessing firearms.
- You will be required to sign at least one waiver at the start of class (Instructor waiver and potentially one or more club waivers.)
- You should be able to hit a 6"x6" target on demand at 10 yards (equivalent of the A/B zone or head of a USPSA Metric or IDPA target) and reload and clear malfunctions.
- Faster and more accurate shooting and gunhandling will be very helpful. A person with weak marksmanship or gunhandling skills may feel somewhat left behind. You may still be able to participate safely, but may not feel that the class is the best use of your time and ammunition.

If you are unsafe, or do not appear to be of sound and responsible mind, you will be asked to leave. If you are safe, and of sound and responsible mind, but lack the needed shooting skill, you will not be asked to leave, but the class will not be altered to cater to you.

Equipment Requirements

- Eye and ear protection, plus brimmed hat.
- Safe and reliable service caliber handgun, 9mm/.38 Spl or larger - this class is built around compact and full size semi-automatic pistols - revolvers are welcome but may be very challenging. Note: The SIG P320 handgun was recently discovered to have a vulnerability to discharge at a particularly egregious upward angle as a result of being dropped. The P320 is not allowed in Pistol Shooting Solutions unless it has received the upgrade/fix from SIG.
- Strong-side or appendix, belt mounted holster that covers the trigger guard when the gun is in the holster, stays open when the gun is out of the holster, and attaches securely to the belt. Unsafe holsters will not be allowed. Please do not bring minimalist holsters that only cover the trigger guard and are designed to be removed from the belt before holstering. Please do not bring the BLACKHAWK! Serpa holster unless required by your agency.
- Concealment garment or duty/retention holster. The class is intended to develop the highly skilled use of a pistol in self-defense. For most of us, that means either concealment or a duty/retention holster. Unconcealed range or competition gear is also welcome if you prefer.
- Sufficient spare magazines to shoot at least 65 rounds of ammo before needing to refill magazines (for example, if you have 17-round magazines, bring at least 4 magazines to class.)
- Magazine pouch (single, double, and combination pouches are all acceptable.)
- Ammunition, ~1000 rounds (actual round count is likely to be over 950.) Please allow yourself the best class experience possible and bring ammunition that is going to function correctly!
- Bring lunch, snacks, water, and personal hygiene products - we will be at the range all day and take short lunch breaks (approximately 30 minutes) - there will not be time to leave the range to get food!

This class is not the best time to break in a new gun, or use untested or unreliable guns, ammunition, or other equipment! Those issues will be a huge distraction from your training and I am unlikely to be able to solve those problems for you.
Class location is in Arcadia, OK. **Range address will be sent to registered students.**
Class will start at 8:00 am and will go until finished - 6:30pm is the estimated end time of class each day.
When you arrive, please do not handle firearms until instructed to do so. It's not a problem if you arrive wearing a loaded and holstered handgun, need to switch gear, or if you arrive not wearing a gun and need to put on your gear. Just leave the gun where it is and do not handle it until we show you when and where to do that.
Full tuition payment is due to secure spot in class ($495.00 USD.)
Refunds of tuition available by request until 60 days before class start date, at which point tuition is 100% nonrefundable.
Class is limited to fourteen (14) students maximum.
If less than ten (10) students register (not including class hosts), then class may be canceled due to low enrollment - if this happens full refunds will be issued.
Separate from tuition, a range fee of $25 per student is due on the first day of class, payable by cash only.
Failure to abide by all terms and conditions may result in forfeiture of tuition and/or being dismissed from class. Payment constitutes agreement to all requirements, terms, and conditions.
Email questions to classes@gabewhitetraining.com

Instructor Bio

Gabriel White is a defensive handgun instructor and competitive shooter in the Pacific Northwest. Gabe comes from a pure private citizen background and seeks to develop students' technical and tactical excellence in the training he provides. Gabe stands apart by living a deep commitment to competing and training with his actual concealed carry gear at a high technical level in addition to adhering to safe and effective tactics and self-defense practices.

- Current Chief Instructor of Public Range FTU and public defensive handgun training program for Clackamas County Sheriff’s Office at the Public Safety Training Center in Clackamas, Oregon - Note: This class is not associated with the Clackamas County Sheriff's Office
- Instructor Emeritus at Oregon Firearms Academy in Brownsville, Oregon
- Master class in USPSA Limited Division shooting carry gear from concealment
- Master class in GSSF
- FAST Challenge Coinholder #09
- One of only four people worldwide to clean the Rogers Shooting School Test
- Only person worldwide to clean the Rogers Shooting School Test from concealment
- LFI Judicious Use of Deadly Force Instructor
- NRA-certified Pistol Instructor
- Over 800 hours of formal defensive handgun and emergency training as a student
- Defensive handgun practitioner since 1999

Defensive handgun instructor since 2007

> "My truest qualification is that I love defensive pistol training and skill development. I am a student first and I am always a student. I love to study and practice to increase my own skills and preparedness for self-defense, and I love to work with others interested in doing the same. It is my belief that there is no such thing as being too good at fighting for your life with a pistol. It is with that mindset that I guide my students with me on a few steps down the path."
> - Gabe White

Action Pistol Division

We had another full schedule of matches this month! While the current ammunition shortages likely impacted the participation somewhat, there were plenty of opportunities to practice and compete. We are sending out reminders and links to Practiscore to register for our matches. Pre-registration is not mandatory, but it really helps get matches underway in a timely fashion and reduces crowding in the clubhouse. Generally, registration for a match will open the week before the match and notices will be sent to the mailing list. If you are not receiving them and would like to be added to our email list, send an email to ipsc.mail@okcgunclub.org and we will make sure to add you. The scores are as follows:

	#	1st Place	2nd Place	3rd Place
USPSA				
Limited	15	Shane Richards	Kurt Miller	Shane Pennington
Open	9	Brian Gee	Tony Wall	Feegee Matlock
Production	5	Aaron Armentrout	Brenden Taylor	Roy Mercer
Single Stack	6	Mitch Gibson	Andrew Gee	Joel Rader
Carry Optics	14	Alex Lackey	Jacob Stangl	Joey Clore
PCC	4	Jess Anderson	Matt Rigsby	Joshua Smith
Steel Challenge				
Production	4	Scott Taylor	Caleb Moore	Cody Garretson
SS	1	Chris Barnes	---	---
CO	4	Alex Lackey	Kelly Brown	Michael Reuben
Open	3	Tony Wall	Bob Parker	Feegee Matlock
Limited	5	Matt Johnson	Yuri Delendik	Karl Mosley
RFPI	2	Stephen Pennington	Ellis Fisher	---
RFPO	6	Shawn Rexford	Matt Rigsby	Micah Puckett
RFRI	2	Don Akin	Ellis Fisher	---

About OKC AMBUCS

OKC AMBUCS is a national non-profit charity, made up of volunteers dedicated to inspiring mobility and independence. To achieve this goal, we give away adaptive tricycles (called Amtrykes), build wheelchair ramps (at no cost to recipients), provide scholarships to therapy students, provide direct funding and volunteer support to The Children's Center, Coffee Creek Riding Center, Special Olympics, and Special Care, among others. These efforts are funded by club member dues, contributions from donors, and our annual fundraiser the ClayGolf Shootout.

Please join us in our efforts to support these causes.

OKC Gun Club Family Pavilion

We are pleased to announce the completion of our OKC Gun Club Family Pavilion, located just inside the main entrance. The Pavilion can accommodate up to 60 people and is free for member's use and other approved events, family reunions, picnics, training, etc. This facility is equipped with ADA-compliant heated restroom, picnic tables, folding tables/ chairs, wash sink and other support items. Club member Michael Tupps manages and handles the scheduling of the facility, he can be reached at mjtupps@gmail.com or (918) 605-5696.

2021 Youth Skeet Camp

The 2021 OKCGC Youth Skeet Camp is in the books! Many thanks to NSSA Level 2 certified instructor, George Guerrero, for coordinating this event (July 17 & 18) for 10 students between the ages of 12 and 17. The kids had a blast! George was assisted by NSSA Level 2 instructors Brent and Paula Tate; and Level 1 instructors: Scott Parks, Andy Schuppert, and Robert Davis.

During this 2-day camp, students learned about the following topics in the classroom: the history of skeet, gun safety and the parts of the shotgun, the three different kinds of shotguns mainly used today and how to correctly load and unload these shotguns, the importance of eye dominance, how to correctly mount a shotgun, and the fundamentals of skeet shooting. On the range, students were taught: stance, hold points, look points, and the basic rules of how to play the game of skeet. A lot of repetitive practice was given on incoming targets, outgoing targets, and how to shoot doubles on stations 1, 2, 6, and 7. The students listened well, followed instructions, and broke LOTS of targets!

Putting on an event like this requires assistance from many people. Much appreciation and gratitude goes to: Joe Fuzzell for donating the printing of the students' lesson books; to John Polkinghorne for working the event on Saturday and for donating shells; to Amber Parrow for taking pics of the students and instructors; to Kathy Parks and Janel Schuppert for getting the lunches together and keeping us all fed and hydrated; to Julee Rutledge for going into town to get the group photo printed for everyone; to Suzi Rouse for the neat OKCGC caps and stickers; and to Suzi, the OKCGC, and the Shotgun Division for supporting this worthwhile training. Of course, a BIG thanks to the parents, grandparents, aunts, and uncles who entrusted us with the safety of their children and let us teach them the game of skeet. Thank you, all!!!
