Action Shooting Division *There's Something for Everyone!*

John Bent, contributor

"Back in the day, 25 years ago" the Action Shooting Division's match was a monthly USPSA match. A dozen or so shooters would show up the morning of a match, we'd set 3 or 4 stages, have a good time shooting them, hand-key paper score sheets into a computer and put everything away. It was "big time" if we had enough shooters to make more than one squad. Every so often we would hold a 3-gun match.

Those days are definitely over. This year, monthly USPSA matches are averaging over 100 competitors. Interest in action shooting has blossomed, now including one, sometimes two matches every weekend of every month and covering a wide variety of match formats and equipment, many include rimfire divisions. Some matches are focused on "run and gun action," while others involve less movement.

While anyone can start shooting any of our matches, we generally recommend beginning with Steel Challenge, GSSF or Shoot Sig. These matches have less movement and are tailor made to introduce shooters to action shooting with less equipment requirements and wide range of firearms allowed. USPSA, Practical Rifle and 3-Gun all involve more movement, field courses and higher round counts. ICORE is a revolver-only match that is very similar to USPSA matches. Bowling Pin matches are held on the months that have a 5th Saturday and are "man-on-man shoot-offs".

Important Note: Our monthly Glock Sport Shooting Foundation (GSSF) and Shoot Sig matches are not officially sanctioned by GSSF or Sig Sauer. These are practice matches, following their rules. The major difference is you can shoot any centerfire pistol or rimfire pistol you want. Descriptions of the equipment divisions are outlined on our Action Shooting website page [here](#). We also host a sanctioned GSSF and Shoot Sig match each year.

Archery State Championship 2025

Rob York, contributor

The Archery Division hosted the Oklahoma Archery Shooting Association State Championship on July 18-20 at OKC Gun Club. The event was held over 3 days and included the expansion of an additional range to accommodate over 260 shooters which is now the Oklahoma record for a State Championship and second in the national for attendance.

The event included pro shooters, folks from seven different states, and all categories of men/women/youth shooting on two different ranges with thirty 3D animal targets. After the

2025 Oklahoma State Archery Champions:
1st place- Sean Dyche; 2nd place- Clyde Thompson;
3rd place- Nick Dean.

match was over our OKCGC Main Clubhouse provided a great environment for taking a break from the heat, a wonderful place for grabbing a bite to eat and a fantastic venue for an Awards Ceremony honoring many individuals and Shooters of the Year.

The Archery Division would like to thank all of the divisions within the club as they all contributed in some way to the success of this event. Much thanks goes out to all of the volunteers

helping with pre-event set up, parking, registration, course management, chronograph judging, and more.

Finally, a big thanks to the folks who designed and implemented the ranges (Aaron and Mary Roberts, Range Roberts, TJ Zimmerman, and Scott Langley). From the feedback we've received from both competitors and ASA

Leadership our event and ranges were considered to be at the highest level. We look forward to hosting again next year.
