OKC Gun Club The Best in the World

My name is J.R. Hile and I have been a OKC Gun Club member for more years than I can remember. In 2010, I was elected by the Oklahoma Territorial Marshals to be chairman of the Cowboy Division. Not long after that I was fortunate to be elected to the Board of Trustees for the Oklahoma City Gun Club.

During that time, thanks to the efforts of our members and board, our club has grown tremendously, and our facilities have improved dramatically.

When I became involved with the Cowboy Division, we were sharing our shooting area with Action Pistol. Since that time, the Action Pistol Division has constructed six shooting bays and a new clubhouse with showers and indoor restrooms.

The shooting area that was formerly used solely by the Muzzle Loader Division has been improved and expanded and is now a 100-yard benchrest area and home to numerous other divisions and is used much more efficiently than ever before.

Also, while staying on the east side of the club, we now have a five-stand shotgun area that is used extensively by leagues and other club members.

Not to be outdone, the rest of the club has also seen significant growth and improvement. A recently constructed 1000-yard range is part of the Highpower Division.

The club also built a new state-of-the-art pistol facility and continues to improve it as the use grows.

By adding another bench-rest area and relocating the plinking range, the board has continued to evaluate and make changes to accommodate the needs of our members.

During this time, we constructed a Pavilion that is available to our members and families and guests free of charge.

The number and size of the improvements made at the OKC-Gun Club over the past decade are astounding. Again, this was all accomplished with the help of our members and board. We should all be very proud of being members of what I believe, the best gun club in the world. Those of us who travel for competitions and visit clubs around the U.S. know that what I say is true.

I encourage every member to get involved with a division and enjoy the benefits of your membership.

Action Shooting Division Celebrates July 4th With a Bang and a Bit of Recoil

The Action Shooting Division celebrated America's star-spangled 250th birthday in style. In keeping with our nation's history, the match had a 1911 theme. John Browning would be proud! We traditionally have less than a half dozen competitors in the Single Stack division, we had 35 for this match out of 155 shooters total. Patriotic dress was encouraged and at the conclusion of the Saturday portion of the 2-day match a cookout was held.

A very special thank you to all the volunteers who made the match happen! This is a volunteer sport and the division is only able to hold matches every weekend of every month because of their dedication and commitment.

All decked out for the 4th and hitting targets like fireworks!

August schedule will include a 2-day USPSA match on August 1st and 2nd. GSSF, Shoot Sig and 3-Gun will all be held on August 8th; Steel Challenge on the 15th; Practical Rifle on the 22nd; and a Bowling Pin match on the 29th.

We normally send out match reminders on Sunday before the weekend match. If you would like to be added to the mailing list, send an email to ipsc.mail@okcgunclub.org.

August 2026 Construction Update

The berm work on the northern 6 Action Shooting/Cowboy bays is still in progress awaiting the contractor to complete another project he began when his equipment he was using for our project broke down. We continue to believe there are only about 10 days of work remaining before he is complete.

In addition to the berm project, you will soon see a new electric gate being installed at the Cowboy entrance. Concrete work is scheduled for July 23-24 and during this time members may need to use the north entrance along Hiwassee Road. The project is being funded by a combination of a generous donation from a club member (who wishes to remain anonymous), funds from the divisions that use that gate (primarily action pistol and the cowboy division), and funds from the main club. I have designed the gate to be identical to the main gate, and it will allow large vehicles to be fully off Hiwassee road before stopping to enter a code. The gate controller will also be capable of enhanced functionality that we can use to test things such as temporary gate codes, and possibly member specific RFID badges.

Please be patient and as always be sure to check the club calendar for scheduled events, as well as construction closures before you come to the facility. We have a lot going on at the club, and we know it is frustrating to arrive and find out there are construction closures, workday projects, or other scheduled activities.

We appreciate your patience during the construction and the associated range closures.

5-Stand Match Set for Aug. 16

It's August so grab your shotgun and come out and shoot some fun and challenging clay targets! \$10 per round. More details on [5-Stand here >](#)

It takes approximately 10-12 minutes to shoot a round, and you can shoot as many as you like. We begin shooting at approximately 12:30 pm, with the last squad called 3:00 pm. Questions? Contact Suzi Rouse, at president@okcgunclub.org, or Chris Alexander at clalexander14@gmail.com.

The 5-Stand Range is located on the east side of the club. Go north past the Shotgun gate and turn into the very next gate – like you're going to the Cowboy Range. Once in the gate, turn to your left and follow the signs to 5-Stand.

The June 5-Stand League concluded with 50 participants, each seeing a total of 250 clays over 5 weeks. The Top 3 shooters were: David Murdock (213), Dan Lambie (188), and Greg Brown (178). Congratulations and thank you to those who participated.

.22 F-Class July Match

We started the July match an hour early to try and beat the heat. It worked out pretty well with the added benefit of some shootable air, finally! Find the match results [here>](#)

Come join us in this simple game on the SECOND SATURDAY of the month year round, with some special starting times for the hot and cold months at the Smallbore/Air Rifle range. For August and September, the match will start at 0800.

The .22 F-Class match is simple, 22LR rifles shot in the prone position for score at 100 yards. Bipods, machine rests and sandbags allowed. Single loading, slow fire. Come out and see just how accurate your rifle can be.

For information about the Smallbore Division- .22 Benchrest, .22 F-Class, NRL22, CMP Sporter Rifle and N50 Benchrest, go to the [Smallbore Division webpage here>](#)

Archery Division

by Rob York

The Archery Division will host the Kids Zombie Shoot for Halloween. The event will take place Saturday, October 31, from 10 am-3 pm. 13 lanes will be set up with Zombie Targets in each lane. Once all shooters have completed shooting at the designated shooting area and it's safe to go down range, an adult will accompany the kids to find a pumpkin full of candy next to each target. By the time they shoot the 14 targets they should have a pretty good start to the Trick or Treat night ahead.

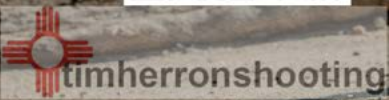

We will provide bows and arrows, but encourage all to bring archery equipment if you have it. There is no charge for this event and both club members and the general public are invited. We support Food for Families in need, and ask that those participating bring a canned food of some kind.
