Gun control has only two purposes. First, create helpless people for extermination or enslavement. Second, to deny self-sufficiency to the victims of gun control so they must pay for protection by voting for their protectors or behaving meekly.

Quote of the Month

"I have yet to hear anyone afflicted with the "gun control" disability dial 9-1-1 and specify, "Now please be sure to send the kind of cops who are disarmed. If you can't do that, we'd rather you not send anyone at all to stop the men who are holding my daughter at knifepoint, because in this household we don't believe that guns ever solve anything."

- Vin Suprynowicz, writer

Action Pistol Division

72 shooters started the New Year out with a bang – a couple hundred of them – at the OKC Gun Club's January 2nd IPSC match. The scores are as follows:

It *must be* winter in Oklahoma -- The December 3-Gun and January ICORE matches were cancelled and more folks have been staying inside in front of a warm fire with a hot toddy.

Reminder: We are planning a Level II match for August – the “Red Dirt Rumble”... Hey, Greg has a sense of humor, warped though it may be! Details will follow as the specifics are established, but the important point is that the OKC Gun Club plans to host one in 2016.

The move to Practiscore for our scoring software has been a huge improvement, overall. As hard as we all try, every so often we discover a scoring issue after the match is over, the range restored, and we're all sitting in front of our computers reviewing our results. “Fixing it” is too late at that point. In the case of a wrong division, USPSA #, or power factor, an email to me will get that corrected for purposes of the classifier submission, but we don't usually re-post scores. “The fix” is reviewing your stage results with the score keeper as the scoring from your stage run is accomplished; there is a “Review” step on the computer for just that purpose. That's where the errors can be caught and corrected. For more information see the following link: http://www.okcgunclub.org/electronic_scoring.html.

Our next monthly IPSC match will be February 6th. Come on out and play.

Especially with our winter weather, ALWAYS CHECK THE WEBSITE FOR LAST MINUTE UPDATES & SCORES. The last thing we want is for someone to drive all the way to the range for a cancelled match. That said, safety first.

Thanks! See you on the range.

Spring Skeet League

Our spring league for 2016 will start on 29 March. If you are interested in a little friendly competition come on out. Buck Sifford will again be handling the squadding and the sign up, so let him know if you want to shoot. His phone number is 769-7317 (H), 760-9434 © and can be reached by email at bucksifford1@cox.net. If you haven't shot with us in the past, come on out, we guarantee you will have a good time. Novice shooter are welcome, we have some excellent shooter who are always willing to give advice when asked.

I anticipate at least 150 shooters wanting to participate in the Spring league this year, so with that in mind we have out grown the Tuesday/Thursday format and will be shooting on Tuesday, Wednesday and Thursday this year. If we have more than 150 shooters we will have to shoot on Monday. When you sign up please let me know which evening that you want to shoot. I cannot guarantee a particular night but will do the best that I can. I will try to have at least 50 shooters on each night. If 60 shooters want to shoot on Tuesday night, 10 will be asked to move to another night.

Like last year the 2016 Spring League will shoot at 1800 hours (6 pm). We shoot 50 targets (two rounds) per week for 10 weeks for a total of 500 targets. The cost to shoot the league this year will be \$80.00 for club members and \$120.00 for non club members. This covers the cost of 20 rounds of skeet and a trophy for the top shooters and teams at the end of the league. We also try to have a pot luck dinner where we recognize the top shooters. As always this is a duel league, both scratch and handicap. The handicap portion is set up so that a steadily improving shooter has an excellent chance of winning the top spot.

All shooters will be assigned to a team. Each team will consist of 4 or 5 shooters depending upon how many shooter sign up for the league. Each team will compete weekly against another team and will be assigned points depending upon how well they shoot that week. The highest point team at the end of the 10 weeks will be our (Monday), Tuesday, Wednesday and Thursday night champions. The (Monday), Tuesday, Wednesday and Thursday night champions will shoot off the night of our pot luck dinner for the 2016 Spring League Championship.

To sign up for the league please send an email to Buck or call him. When signing up please indicate which night you want to shoot. If the night doesn't matter please indicate all three nights, that way I can move people around as required. Please give me an email address and a phone number. If you can't email me or call me there will be sign up sheets at the club house.

"The Moving Target"

On the Bullseye range near the main club house there is a new course of fire called The Moving Target. The Mover as we will call it is a tombstone style target that moves across the range at ten feet per second, or sixty feet in six seconds. The course of fire is at the ten and fifteen yard distances the competitor shoots six rounds at the target as it moves across the range. At the twenty and twenty five yard line the competitor shoots three rounds at the target. Total rounds at each distance is twelve.

This moving target system is set up as close as possible to the NRA Action Pistol standards, the same as at the Bianchi Cup. It is intended to be practice for the Bianchi Cup. But anyone is welcome to shoot at the practice or at the matches.

Practice will be on the first and third Tuesday of each month and a match on the second Saturday of each month if weather permits. The start time will be 10 am. The cost for practice will be \$5.00 and the match cost will be \$10.00. That cost for practice will include one target and for a match the cost will include two targets.

For more information call Chuck Abston at 405.812.8223.
