Your news and information about the nationally recognized Oklahoma City Gun Club – **NOVEMBER 2026**

High Plains Handgun Metallic Silhouette Nationals

By Jim Meyers, Match Director

The Silhouette Division hosted the High Plains Handgun Metallic Silhouette Nationals Sept.18 through shoot offs on Sept. 26. This was the 5th National event held at OKC Gun Club. We had 6 travelers from out of state who attended the match.

We had 35 shooters and a total of 243 entries. The weather was pretty warm for the first couple of days but then cooled off. We all appreciated that.

The shoot offs were on Saturday, Sept. 26 to break any ties of which there were several.

The winners of the major awards were:

- Top Gun, John Weaver from Texas
- Freedom Arms 3 Gun Revolver, John Weaver
- 3 Gun Standing, Scott Thompson from Oklahoma City;
- 5 Gun Aggregate, Scott Thompson

- Anschutz SB Unlimited Award went to Rick Redd from Texas.

In High Plains Handgun Metallic Silhouette there are several classes of handguns that are used, revolvers, semi auto, single shot, open sight, and scope classes. All competing in separate classes. Competitors shot a total of 46 perfect scores.

If you have never attended or observed one of our matches, we shoot .22 LR

targets of chickens at 25 yards, pigs at 50 yards, turkeys at 75 yards, and rams at 100 yards.

The Big Bore targets are chickens at 50 meters, pigs at 100 meters, turkeys at 150 meters, and rams at 200 meters. All with handguns.

We also shoot chickens at 200 meters, pigs at 300 meters, turkeys at 385 meters, and rams at 500 meters.

There are two positions to shoot from, standing and the other is anything

you want to do. Laying down on your stomach or back, sitting, however, your gun cannot touch the ground.

I want to thank everyone who attended and all of the gun club members who volunteered to help put this on.

2026 Red Dirt Shootout: Another Successful Year in the Books

By Jamie Meyer,
Red Dirt Shootout Match Director

The 2026 Red Dirt Shootout has wrapped up another outstanding year, celebrating the spirit of competition, generosity, and camaraderie that makes this event special to Oklahoma's shooting community. This match was held at the Action Pistol Range on October 17 and 18.

This year's match recorded 593 match entries from 168 individual shooters, including 42 female competitors. Through the generosity of sponsors and the support of the Glock Sport Shooting Foundation (GSSF), \$20,715 in GSSF awards was distributed, along with 122 individual prizes, including 29-gun certificates.

The generosity extended well beyond those numbers. Eight firearms were awarded to volunteers, additional firearms were included in raffles and the Sport Shooting Association raffles, and competitors had opportunities to win cash through the popular side match. A substantial prize table, made possible by generous sponsors, added even more excitement to the event.

Federal Firearms returned as the title sponsor, continuing its valued support of the Red Dirt Shootout. Organizers also expressed their gratitude to all sponsors, both longtime supporters and those joining the Red Dirt family for the first time. Their contributions help make the

match possible and strengthen the local shooting community.

Equally important are the volunteers whose long hours, dedication, and teamwork make an event of this size possible. Their efforts are essential to the match's continued success.

While the awards and participation numbers are impressive, the true measure of the Red Dirt Shootout is the people who come together to make it happen. Planning for next year is already underway, with an especially exciting event on the horizon.

Mark the calendar for October 15–17, 2027, when the Red Dirt Shootout will host the GSSF Annual Match and Gunny Challenge.

With another successful year behind it and an exciting future ahead, the Red Dirt Shootout looks forward to welcoming competitors, volunteers, and sponsors back in 2027.

OKC Gun Club Membership Renewal Time

The OKC Gun Club membership renewal notices will be emailed mid-November to members with email addresses on file. Paper invoices will be mailed on December 1.

The gate code for 2027 will change on February 1st.

New member orientations will be conducted in December and February for membership in 2027. Invitations to attend an orientation will be sent to those who have an application on file.

Questions? Contact Carey Pribil, OKCGC Membership Chairman at 405-613-8755.

OKLAHOMACITY GUN CLUB BOARD MEETINGS

Open to all members, the club meetings are held on the first Tuesday of each month at 7 p.m. in the main clubhouse.

22 F-Class for Winter

By Don Faulkenberry

Due to popular demand, we are going to try to have 22 F-Class matches over the winter months. As usual, they will be held on the second Saturday of the month, November through March of 2027. We will have the same format as last year, with a start time of 10:00 am. If, and this is important, the projected temperature at 10:00 am is 50 degrees or higher. We were lucky last winter and had several nice days with some fine scores.

For those wondering what this game is about, it's pretty simple. Rifles chambered in .22LR shot at 100 yards for score. We compete in 3 classes: target rifle, open rifle, and sporter rifle. The only differences are weight, and the use of a bipod or machine rest. All shooting is done in the prone position. Shooters will need a mat and a rear sandbag.

A typical match will have each competitor shooting 60 rounds for score, plus 10 to 20 sighter shots in each class of their choosing or multiple classes if they so choose.

We invite you to join us! I'm pretty sure you'll have a good time.

NRA America's Rifle Challenge at the OKCGC

By Curt Bohlman

OKCGC Board of Directors

Competitions Director

Oklahoma Rifle Association

Captain, USA Fullbore Team

The AR-15, owned by tens of millions of Americans, commonly used for recreational shooting, hunting and self-defense, is truly America's Rifle. The NRA, recognizing its duty to support its members with training and competition opportunities, initiated this competitive shooting program built around the AR-15 in 2025. The goal is to build confidence

and competency in a competitive environment.

The ARC program was designed around ranges as short as 25 yards utilizing a “reduced course of fire”, meaning smaller targets at shorter distances, all the way out to 500 yds. and beyond for ranges that can safely handle longer range target engagement. The program has three “levels” of competition. Level 1, Level 2, and ARC 2Gun, each level increasing in complexity and difficulty.

Here is a look at the ARC Levels as described in the rule book:

NRA ARC Level 1: Designed to be generally fired shoulder to shoulder on appropriate 100-yard ranges (indoor or outdoor), paper and steel targets, and primarily tests positional shooting skills and accuracy skills while being regulated by time limitation. Reduced targets and modified courses of fire for Level 1 events are available for ranges limited to 25-yards.

NRA ARC Level 2: Fired on “square ranges” and/or on appropriate natural

terrain areas from 3 yards out to 400 yards and in some cases beyond. Courses of fire are dynamic and generally require movement, positional shooting, and shooting from props/barricades. ARC 2 test accuracy skills under time constraints. NRA ARC 2 Gun: Fired on ranges similar to ARC Level 2. ARC 2 Gun courses of fire add the use of semi-automatic handguns. Courses of fire are dynamic and generally require movement, positional shooting, shooting from props/barricades and test accuracy skills all under time limitations. There's really too much to the courses of fire to get into any real detail in this short article, but here's a sample pertaining to

ARC Level 1:

Stage 1 (Fundamentals Test): Seven strings of fire, 1 to 10 shots per string from a standing position, distance 10 yards, time limits from 3 to 12 seconds per string.

Stage 2 (Positional/Precision Test): Four strings of fire, 10 shots each, Prone, Sitting, Kneeling, and Standing, from 25 to 100yds, 45 seconds per string.

Stage 3 (Movement Test): Three

Strings of fire, 5 to 10 shots per string, Standing, Kneeling and Advancing positions, distance 15 to 25yds, 8 to 15 seconds per string.

Stage 4 (Speed and Accuracy Test): One string of fire, 12 shots, fired from a specially designed “barricade” with varying positions, 100yds, timed.

I know this all can be confusing and may even be a little bit intimidating at first look but be assured that the range officials guide all shooters through these stages of fire one step at a time and make sure everyone understands what’s going on each step of the way. This is as much about training as it is about competition. The overarching purpose of this competition is to get people on the range with their ARs, get them comfortable, confident and competent with them – and to have some fun!

The NRA has put out some great videos explaining everything in great detail. Videos and more can be found at <https://arc.nra.org/>

Equipment:

- Hearing and eye protection (required)
- Semiautomatic rifle (.223 Rem, 5.56mm, 7.62mm, .308Win, 300 Blackout)
- Magazines not to exceed 30 round capacity (4)
- Open sights or optics
- Handgun (for ARC 2Gun) semiautomatic in 9mm, .40S&W, or .45AUTO. Holster required.
- .22LR rifles and pistols may be used at the ARC Level 1

An ARC Competition ID number is required to participate and is used for NRA classification purposes and the Distinguished ARC Program. Your free competition number can be obtained at <https://competitor.nra.org/> You don't have to be an NRA member to participate, but come on now...

The match fee is \$20 for non-members and \$15 for members. Match location: Muzzleloader Range; When: 4th Saturday of the month; Sign-in begins 7:30am.

For more information go [here>](#)

Now get out there and have some fun!

Training Division

Ladies Pistol League

Sunday, Nov. 1

9:30 am - 11:30 am

Training Building/Pistol Range

The Ladies Pistol League meets on the 1st Sunday of every month and is open to all women and experience levels. You do not need to be a member of the gun club to participate. This month's Ladies Pistol League class will focus on improving speed without sacrificing accuracy! We'll work on getting our sights on target, making faster, more efficient shots, and building the confidence to increase our shooting pace while maintaining consistent, accurate hits. Our goal is to help each shooter find the right balance between speed, control, and precision. To RSVP to this class or to any of our other open-enrollment classes, please use the link [here](#) or you can contact Jamie Meyer at lpl@okcgunclub.org or call/text 405-613-6541.

Training Division

NRA Instructor Academy

Tuesday Nov. 3 – Friday Nov. 6
Training Building

We are offering several NRA Instructor courses at this Academy; pick the ones you want to attend or attend all of them. These courses include NRA Basic Pistol Shooting (Nov. 3), NRA Pistol Instructor (Nov. 4) , NRA Basic Shotgun Shooting (Nov. 5), and NRA Shotgun Instructor(Nov. 6). The training division website has all the course offerings so you can pre-register for them. For more information contact Mark Heins 405-651-5215 teamheins429@gmail.com

[Register Here>](#)

Training Division

NRA Home Firearms Safety

Thursday, Nov. 5

6:00 pm - 10:00 pm

Training Building

Non-shooting course teaches students the basic knowledge, skills, and to explain the attitude necessary for the safe handling and storage of firearms and ammunition in the home. This course can be of interest to families with children or grandchildren in the home. Students are taught NRA's three rules for safe gun handling; primary causes of firearm accidents; firearm parts; how to unload certain action types; ammunition components; cleaning; care; safe storage of firearms in the home; and the benefits of becoming an active participant in the shooting sports.

Training Division

Cover your Basics – Handgun

Saturday, November 7

1:00 pm – 4:30 pm

Main Clubhouse

This three-hour course is for the beginning shooter as well as anyone who would like to learn the fundamentals of shooting a handgun safely. The course includes live fire training where students will learn shooting fundamentals and range safety rules with personal coaching from experienced instructors/coaches.

[Register Here>](#)

Oklahoma Self-Defense Act (SDA)/ Handgun License Training

Tuesday, Nov. 10

9:00 am – 5:00 pm

Training Building/Pistol Range

The successful completion of this eight-hour course provides the participant with handgun safety instruction and pertinent Oklahoma law training from state-certified gun safety instructor(s), which meets the requirements to apply for an Oklahoma Handgun License. [Register Here>](#)

Cover Your Basics- Handgun Cleaning & Basic Maintenance

Thursday, Nov. 12

6:00 pm - 8:00 pm

Training Building

This two-hour course is for the beginning shooter as well as anyone who would like to learn the fundamentals of cleaning and maintaining their handgun. This course provides a safe and comfortable environment to learn the fundamentals of handgun cleaning under the directions of an experienced instructor and qualified

Training Division

gunsmith. The course will cover the basic equipment needed to clean and maintain a handgun. How to properly clean both semi-automatic pistols and revolvers. Students will provide their own handgun and cleaning supplies for the class. No live ammunition is allowed in the classroom.

[Register Here>](#)

Ladies Intermediate Pistol League

Sunday, Nov. 15

9:30 am -11:30 am

Training Building/Pistol Range

The Ladies Intermediate League requires prior authorization to attend. All shooting drills are done from the holster and require movement at times. For more information on this class or the required items, please contact Jamie Meyer at lppl@okcgunclub.org or call/text 405-613-6541.

Training Division

NRA Basic Rifle Course

Saturday, Nov. 21

8:00 am – 5:00 pm

Training Building/Pistol Range

This course covers gun safety rules, proper operation of rifles, ammunition knowledge and selection, rifle selection and storage, shooting fundamentals, rifle inspection and maintenance, marksmanship, and shooting range safety. Additionally, students will complete live fire training and a nationally standardized shooting qualification while on the range with an NRA Certified Instructor. For more information contact Mike Lombard at mike.precisionarms@gmail.com
