The State 4-H Skeet Shoot was held on Saturday, September 24 at OKC Gun Club. 134 4-H shotgun shooters competed in the event. Thank you to OKC Gun Club for hosting this event. The support of the club with respect to youth programs is wonderful. I would like to personally thank all the volunteers especially the families of the Oklahoma County 4-H Shooting Sports program. These volunteers give tirelessly to the program and I cannot thank you enough for your dedication. They are what makes this program great!!!

Need a Workday? Want updates on Club News??
Urgent calls for club help???
We need YOUR help!

We've recently implemented a more effective email distribution service to get club information out to our membership; while the feedback we've received is very positive, it is evident that we are still missing many of our members.

Make sure your current/preferred email address is in our database so that we can do our best to disseminate club information effectively.

Currently, about 30% of our membership have no email address on file. Of those that do have one, it appears that a significant percentage of addresses are not being checked – perhaps the email address on file is no longer being used.

Please submit any contact information updates – including email addresses – to

NRA Action Pistol... What is it?

Unlike USPSA and other handgun competitions where a competitor is moving from one point to another and shooting, NRA Action Pistol is shot from one or more distance positions under time limits.

For instance, in the Moving Target Event the tombstone style target comes from behind a barricade moving at ten feet a second. At ten and fifteen yards a competitor fires six rounds in both directions and at twenty and twenty five yards they will shoot three rounds each direction until twelve rounds have been shot at each distance. Total round count for this match is 48.

In the Falling Plate event, at ten yards, at the signal to commence fire, the competitor will draw and fire one round at each eight inch steel plate in six seconds. At the fifteen yard line the competitor will fire one round at each plate in seven seconds, at twenty yards its eight seconds and at twenty five yards its nine seconds. Total round count is 48.

NRA Action Pistol is shot with a variety of pistols, such as open, production, metallic sight and open rimfire.

At the Oklahoma City Gun Club we have limited areas close to each other that NRA Action Pistol can be conducted. We are using the Bullseye Pistol range right now for these events.

The events that we will be shooting at this time are the same as the ones held at the Bianchi Cup and they are:

The Mover
The Steel Plates

These two will be added as we get the room.
The Barricade
The Practical Event

On the Event calendar, this program is called the "NRA Action Pistol". We will have two events each month so check the Event Calendar.

In the future as we obtain more equipment and space we will be having NRA sanctioned events where a competitor can become classified and obtain points for the NRA Distinguished Pistol Shot Badge.
