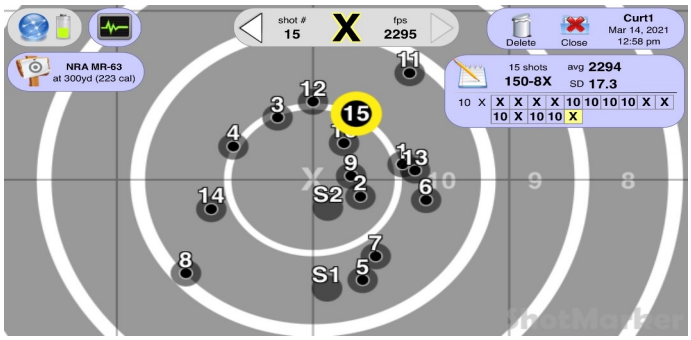
Everyone has an AR-15!

The Highpower division now offers two types of matches to develop your abilities from 200 and 300 yards with your AR-15 or AR-10, or most any other semiautomatic rifle, need not be .223 or .308. Both matches are shot using electronic targets which show both your shot location and down range velocity. Be sure to bring a smartphone or a tablet so you can see your shots!

The first match is called a “GSM” match, for Garand, Springfield, Military arms, fired at the 200 yard line with slow fire and rapid fire stages - shot from three positions, Prone, Sitting, and Standing. You’ll need two magazines and 55 rounds of ammo for this match. GSM match registration is conducted at the 200 yard line at 8:00 with firing starting at 9:00.



After the GSM match is completed, registration starts for the Tactical-AR match. Shooting starts at 12:30. Fired at the 300 yard line, this match is shot off of bipods or backpacks for support and stability, or you can sling up if you want too. This match requires 51 rounds and is single loaded (we call it slow fire). It’s an informal match so show up with what you’ve got and we’ll get you some good training.

We know ammo is scarce, but It takes a lot of ammo to compensate for lack of marksmanship skills. Make them count when it counts. Take a look at our match programs for more information on our web page at https://www.okcgunclub.org/high-power-rifle-division.html
Or call Tommy Sims with your questions at (405)613-1421.
Here’s our schedule, all Sundays:
October 10
November 14
December 5
Come see us and we’ll get you shooting!

Pistol Caliber Carbine

ATTENTION: CONCEAL CARRY HOLDERS

Have you ever thought about trying to hit a target that is further away than 15-20 feet or that is moving and not static?

There was a famous law officer that thought his officers should be able to hit their target under four shooting conditions and at a more realistic distance.

- The first condition is shooting at a moving target. Think of a situation where the bad guy is moving and not at 10 or 15 feet but at 30 or may be 75 feet away. Could you stop the threat?
- The second condition is shooting from behind barricades. Shooting from behind barricades is difficult and again, not at some short distance but from 10 to 35 yards and with quick appearing targets.
- The third condition is shooting at multiple targets under short time limits; and
- The fourth condition are shooting at targets at longer distances and shooting with your weak hand only.

It's important to be able to **STOP** the threat and **PROTECT** the innocent!

These four shooting conditions / events became known as the Bianchi Cup.
The officer was the famous John Bianchi. These events are now known as
NRA Action Pistol.

Here, at the Oklahoma City Gun Club, you can learn how to **STOP** the bad guy by practicing these four events.

We shoot these events on the 1st Saturday of each month.
The cost is $15 for members and $20 for non-members.

Action Pistol Division

The ammo shortage has not dampened the interest in our handgun matches too badly. We had very respectable turnouts across the board. Hopefully the situation is starting to improve as some items are making it back on the shelves, albeit at higher prices.
We are sending out reminders and links to Practiscore to register for our matches. Pre-registration is not mandatory, but it really helps get matches underway in a timely fashion and reduces crowding in the clubhouse. Generally, registration for a match will open the week before the match and notices will be sent to the mailing list. If you are not receiving them and would like to be added to our email list, send an email to ipsc.mail@okcgunclub.org and we will make sure to add you.
