The OKCGC Ladies Pistol League recently celebrated their one-year anniversary. This has been a labor of love for me and a lot of hard work, but it has been worth it! I would not have been able to achieve this milestone without the support of the club and I am very grateful.

I have been training women (and men) in the metro for well over a decade and I have watched in frustration as the women in and around our community were being fed bad information on things from guns, gear, training, mindset, and even the laws of self-defense. This frustration is continue my own training have been determined to could come to train and feel where they could openly judged or criticized by A place where they could like-minded folks. More form to be able to give truly deserve! OKCGC has obvious from the growth that it is working.

NRA Action Pistol match for August the 6, 2023

The match on August the 6th was HOT, but we started early and finished by noon, so not too bad. In the Open division we had three. JP Lefebvre won first place with a score of 1883 and 131 Xs out of a possible 1920-192x. Si Fentress was in second place with a score of 1730-102x and Chuck Abston was in third place with 1305-78x but shot only three of the four events. In the 22 open division it was Mike Grisser with a score of 1416-61x. Dave Enmark won the production division with a score of 1458-63x and Chris Graham shot 1413-57x.

I think everyone had a good time shooting The Mover, The Barricades, The Steel Plates and the Practical events. Our next match is on Sunday the 3rd of September 2023.

Fall 2023 Trap League

The Shotgun Division of the Oklahoma City Gun Club will host an eight (8) week Fall Trap League beginning Monday September 11, 2023 and ending on Monday October 30, 2023. The league is open to all OKC Gun Club members, their families and friends. You do not have to be a club member to participate in the trap league.

The league welcomes all skill levels of shooters using any type of shotgun in 12 gauge or smaller and shooting lead shot only in size 7.5 or smaller.

Cost of the league will be **\$100.00** for each participant. In the past shooters have purchased targets in advance.

Last spring we started a new process by which shooters purchased their targets from the token machine on the day they were shooting. This seemed to work well and unless something changes by September 11, we will use the same system this fall. Of course, anyone can purchase tokens for the entire season if they want to. The target portion of the league fee is \$80.00. The remaining \$20.00 goes into the prize fund. The \$20.00 is due on the day we start the trap league. Payment may be made by check or cash. Shooters should plan on arriving at the club an hour before shooting time on September 11 to pay the prize fund contribution and to purchase their tokens for the day's shooting. Prizes will be awarded after October 30, 2023. For various reasons, we will not be serving hot dogs again during this league.

Shooters will be part of a Squad of up to 5 shooters. Shooting times will be 3:00-4:00, 4:00-5:00, 5:00-6:00, and 6:00 to 6:30. This schedule will accommodate about 70 shooters and should allow enough time to refill the target carousels between shooting sessions. Teams will be paired so that one team can pull and score for the other and vice versa. The schedule allows for refilling the target carousel after two teams on each range have shot their targets. Official sunset on October 30, 2023 is about 6:38 p.m. which should leave enough daylight to finish shooting and still refill the target carousels.

Each shooter will shoot a total of 400 targets; 50 targets per week.

The first four weeks of the league will be shot from the 16 yard line.

The second four weeks of the league will be shot from the 18, 20, or the 22 yard line (Handicap). ***All members of the squad will shoot from the same yardage line.***

Squads with a combined average of 20.0 or more from the first four weeks of 16 yard shooting will shoot all their Handicap targets from the 22 yard line.

Squads with a combined average of more than 18.0 and less than 20.0 from the four weeks of 16 yard shooting will shoot all their Handicap targets from the 20 yard line.

Squads with a combined average of less than 18.0 from the first four weeks of 16 yard shooting will shoot all their Handicap targets from the 18 yard line.

Prizes will be awarded to individual members of the winning teams. The plan is to distribute prizes as soon as possible after October 30, 2023. The distribution date depends on locating and receiving the prizes in a timely manner. We have awarded ammo as prizes in the past. Availability is dependent on many factors, few of which are controllable anymore.

Shooters may make up targets, or shoot ahead for any weeks that they are absent. Scoresheets for pre-shoots or make up shooting should be emailed to me. At a minimum post the scoresheet on the bulletin board in the clubhouse and send me a photo of the scoresheet via a text or email.

Please be advised that the shotgun ranges receive heavy use and may not always be available on days other than the regularly scheduled shooting times. The trap ranges should be available for makeup and practice at 1:00 on designated league days.

All 16 yard targets must be shot by sunset on October 8, 2023 and scores submitted to be via text or email to allow time for calculation of handicap yardage. All handicap targets must be shot by the end of shooting on October 30, 2023. Missing scores will be replaced with a dog score (shooter's average minus two targets). As an interesting observation, the league trap shooters as a group show increasing levels of shooting skill from league to league. Enough that receiving dog scores last spring cost some teams one or two positions in the final rankings. While things happen, everyone is encouraged to shoot during the regular shooting time whenever you can.

When registering for the league, please indicate if you have a group that you would like to shoot with and your shooting time preference (3:00, 4:00, 5:00 or 6:00).

If you are interested in participating, or would have any questions, please contact Kenneth Mayfield via email (preferred) at Kenmayfield446@Yahoo.com (this is a new email address; do not send anything to any other email address you may have for me) or by a text to 405-990-8881. There will be a sign-up sheet in the Shotgun Division Club House. Please furnish the requested information for the day that you wish to shoot. If you have a squad you want to shoot with, please provide the names and requested information for each member. **IT IS IMPERATIVE THAT YOU CONFIRM YOUR RESERVATION TIME AND FELLOW SQUAD MEMBERS VIA TEXT ASAP.** This will insure no one else will want the same time slot.

22 F

Well, for those of you who track this kind of stuff, this was the 5TH match in a row we had rain! Not a lot this time but, just saying! We had 16 eager shooters come to try their hand at this growing game: 22LR rifles shot prone at paper targets for score at 100 yards. Sounds easy but it's more difficult than you can imagine. Wind reading skills come in really handy. Come join us on the SECOND SATURDAY of each month at the muzzle loading range #2 on the EAST side of club property.
